Injuries Are On The Rise In Golf—

Excessive Bending Adds To Health Impacts

An average golfer playing 18 holes bends a minimum of 108 times. 36 times on tee box and a minimum of 72 times on green or other course locations picking up clubs, etc.

EXPERIENCING BACK PAIN? We Can Help You Get Back On The Course

BENDING ISN'T AS EASY AS IT USED TO BE

Manage Bending On The Course Allows Golfers

- **With permanent or temporary health issues to be able to play golf.**

- **To return to play golf sooner. If injury, surgery or physical therapy is preventing a golfer to play golf.**

- **Independence for golfers that need assistance.**

- **An extra arm to help reach further when needed.**

REACHERGOLF® is very helpful for golfers with health issue or mobility limitations that need an extra assistance on the tee box or green. **Teeing up a ball, retrieving the tee , marking a ball on a green, replace the ball and retrieve the golf ball from the cup.**

REACHERGOLF® empowers golfers with limited mobility or wheelchair golfers to independently tee up a ball and use it on the green or any situation on the course they need an extra hand.

REACHERGOLF® 45 is designed with both a 180 degree turf entry and 45 degree turf entry. For seated golfers or sitting in a wheelchair practicing on a driving range or simulator.

Never leave or lose a club again.

StepKick Caddy®

Great Accessory To Have In Any Golf Bag

Did You Know That An Average Golfer Bends Picking Up Clubs While Playing Golf. Can Be Up To 36 Times Or More Per Round.

- Carrying Clubs for approach shot to green to determine the best club to use – middle iron, pitching wedge, gap wedge , sand wedge, lob wedge, putter etc.

- Looking for a ball in the rough or water hazard and bringing a couple clubs to determine what club should be used for the shot.

The above two situations on a golf round. Are the most popular locations on a course where golfers leave their clubs behind.

Other Golf Experiences the StepKick Caddy Comes In Handy

- After ball lands in a sand trap near the green. It's a wet morning with frost or dew and you don't want to get your club grips wet.

- Playing a course with restricted areas because of terrain and unable to go on the fairway or green approach areas with push carts or power carts. So you have to carry extra clubs with you.

- Carrying more than one club to tee or green. Save time hanging on the StepKick Caddy® a towel, ball & club washer and an accessory bag with extra tees, balls or markers inside .

Everything a golfer may need.
