

ULTRA SEAL

CUSTOM SEAL SOLUTIONS FOR DEMANDING APPLICATIONS

— PRECISION. PERFORMANCE. RELIABILITY. —

Since 1998, Ultra Seal has been a trusted partner in delivering high performance sealing solutions for the world's most demanding applications. Our commitment to quality, innovation, and technical expertise helps customers improve equipment reliability and performance across a wide range of industries.

SPRING ENERGIZED SEALS

Our spring energized seals combine precision engineered polymer jackets with corrosion resistant stainless steel springs to deliver superior performance, long service life, and minimal leakage.

OUR CAPABILITIES

ENGINEERED FOR PERFORMANCE

Precision designed seals engineered for superior sealing performance and long service life.

QUALITY YOU CAN RELY ON

Manufactured under rigorous quality standards to ensure consistency, reliability and peace of mind.

CUSTOM SOLUTIONS FOR UNIQUE NEEDS

From standard designs to custom engineered solutions, we partner with you to solve your most challenging sealing applications.

PARTNERSHIP AND SUPPORT

Responsive service, technical expertise and a customer first approach before, during and after the sale.

ENGINEERED FOR EXCELLENCE

CONTINUOUS SEALING FORCE

Reliable sealing performance in dynamic and static applications.

COMPENSATES FOR WEAR & TOLERANCES

Spring energized design adjusts for wear, tolerances and eccentricities.

WIDE TEMPERATURE CAPABILITY

Performs in extreme conditions from 320°F to 600°F.

EXCELLENT CHEMICAL RESISTANCE

Withstands a wide range of chemicals and aggressive environments.

INDUSTRIES WE SERVE

MEDICAL

AEROSPACE

OIL & GAS

SEMICONDUCTOR

MANUFACTURING

CHEMICAL
PROCESSING

CUSTOM ENGINEERED SOLUTIONS

In addition to standard designs, we provide custom solutions for specialized applications, including silicone filled seals, sanitary seals, ultra low friction seals and other application specific designs.
