

## COOLIFTING®-CRYO CARBOXY THERAPY

---

This treatment uses powerful CO<sup>2</sup> flow at a very low temperature & high pressure, combined with an extremely high concentration of atomised actives. This activates the blood micro-circulation, inducing collagen & elastin formation. One session leaves you visibly smoother, nourished & more radiant. 6 treatments recommended for optimal results.

## IPL HAIR REDUCTION

---

Venus Versa™ hair removal is a non-invasive procedure that removes unwanted & excess hair from areas of the body with an intensely powered light. We deliver concentrate light energy into the hair follicle to inhibit the hair's ability to grow, without disrupting or damaging the skins surface. Treatments are required 4-6 weekly on the face & 6-8 weekly on the body due to the hair growth cycle.
