

**Has your business been impacted by the COVID-19 pandemic?**

## **If so, you may be eligible for the Employee Retention Credit.**

If your Dental practice has suffered during the pandemic and you retained full time W-2 employees over the last two years, we have great news. You may be eligible for massive tax credit refunds from the Cares Act, Employee Retention Credit (ERC). This credit gives you **up to \$26,000 per W-2 employee**. It's a tax credit refund, **NOT a loan**, so you don't have to pay it back.

Even if you applied previously, the rules have recently changed. Many more businesses are now eligible for the ERC credits. If your business was impacted by COVID-19, and you had less than 100 employees in 2020 and less than 500 employees in 2021, you may qualify, even if you received PPP or EIDL. **You must meet at least ONE of the following qualifications:**

- Reduction in Gross Revenue in 2020 by 50% compared to 2019 per quarter
- Reduction in Gross Revenue in 2021 by 20% compared to 2019 per quarter
- Full or Partial Mandated Shutdown - reduced hours and capacity due to social distancing, limit of elective procedures, commerce, travel or group meetings
- Supply Chain Disruptions - must have resulted in more than 10% impact on your business, however this does not mean that your revenue must have decreased to qualify. equipment or supply shortages or increased cleaning requirements.

### **Here's how it works:**

1. Your business is pre-qualified by ERC Specialists.
2. ERC Specialists will quickly inform you of the size of your credit.
3. You'll submit your payroll tax returns and PPP information, if applicable.
4. Our team of specialists will maximize your Employee Retention Credit and submit your application to the IRS.
5. We do the work and YOU collect the funds.
