THE LAST PORNO BUSTER

INT. VIDEO STORE

An older disheveled greasy looking man wearing a polo and a name tag that says "Gary: Owner/Manager" stands in front of an employee looking frustrated with their head in their hands at a computer with a blurred screen.

GARY

Hi, I'm Gary Cummings. Are you tired of looking at the same old 30 seconds of porn on those free websites just to get blueball'd by advertisements offering hot singles in your area? Well come on down to Cummings!

VFX: Star Wipe

Gary is behind the counter checking out a customer in a trench coat, hat, and sunglasses.

GARY (CONT'D)

At Cummings, we're helping our customers get off the old fashioned way, just like Mom and Dad used to! And we're proud to be the last pornographic arts rental store in the world.

And with world-class customer
service, you can be sure to leave
with exactly what you're in the
mood for.

Another employee approaches the incognito customer just as
they pick up a tape.

EMPLOYEE
Wow! Gangbang Train 7! Great pick,
may I recommend Cumgutters 3 and 4?
The cinematography is exquisite and
right up your alley!

The customer grabs the tapes and quickly rushes away. Gary
gives the employee an approving thumbs up.

Gary is showing off a rack of magazines with blacked out
bags.

Interested in some printed media?
With our premium membership rewards
program, every rental comes with a
free lightly used vintage magazine
and promotional self-care rag to
clean up those messy ropes after a
night of good ol' fashioned fun.

Gary holds up a crusty rag that says "Cum into Cummings" with
a big smile on his face.

VFX: Star Wipe

Gary is seen in front of an overly pink and girly selection of
audio cassettes, sex toys, and lubes.

GARY (CONT'D)
Don't worry ladies, we've got you
covered too. With our "for her"
care section, we have the widest
selection of books on tape. From
fairy smut, to melodramatic erotica
with words of affirmation and
everything in between.

Gary holds up a portable cassette player and hits play.

CASSETTE (V.O.)
...I love you and want to dump
gallons of my hot dragon seed into
your sensibly shaped body and
caring womb...

Gary gives a thumbs up to the camera

GARY
But don't just take my word for it,
lets hear from some of our dozens
of customers.

VFX: Star Wipe

All customers giving testimonials are sitting in a chair.
Their faces blurred and voices altered.

CUSTOMER #1
At first this place made me wildly

INT. GUIDANCE COUNSELOR OFFICE - DAY

SFX: SCHOOL BELL

SOUND CUE: SCHOOL ANNOUNCEMENT VO: "Connor MacLeod to the guidance counselors office"

LIGHTS FADE UP on a guidance counselor, MR. LAMBERT sitting in a chair at a desk holding a mug.

MR. LAMBERT

Thanks for meeting with me. I know what you're asking yourself "Oh man, what would Ol' Mr. Lambert want with me?" Well today's the day, the results are in for what you're going to be doing for the rest of your life. So let's just take a look at your aptitude test and...

He pulls out a large folder and opens it. He's met with an ethereal glow and a chorus of angels.

MR. LAMBERT (CONT'D)

Oh... my... God... It's beautiful! I can't believe it! Finally, someone got Guidance Counselor on their aptitude test. I thought this day would never come. I'm finally free from this place, I can live my life the way I...

He pauses.

MR. LAMBERT (CONT'D)

What's that? You were hoping to get a job with a little more, luster? My boy, this is a sacred position! Ushering young, hormone blasted souls into their next phase of life is a task no mere mortal can handle. After all these decades, I can rest and sail off into the sunset.. I got real close in 2001, but one hanging chad pushed them towards therapist.. Thankfully we've gone all digital now. Oh, you didn't know that's how it worked?

(MORE)

MR. LAMBERT (CONT'D)
How do you think people got this job?! Nobody would ever WILLINGLY do this. Year after year, I get sales managers, teachers, astronauts.. One time I had a kid who was way too excited for hotel waffle machine technician... He now has 6 kids. Well young one, take a sip from the traditional, heavily used, coffee stained "Hang in there, baby" mug and let me tell you the tale of how I came to this position..

He has to forcefully unpry his hand from the mug been holding it for decades. He sets it on the table. He quickly changes costumes into a cloak, he pulls out puppets to start illustrating his story.

LIGHT CUE: Blue spotlight.

VFX CUE: A Fan starts blowing papers around the office.

MR. LAMBERT (CONT'D)
(Epic Booming Voice)
Two thousand years ago, Aptitude, the God of Guidance descended upon the earth to push teenagers towards their next steps.. Careers. For centuries they watched over the land as career paths were born: poppy farmers, politicians, porn stars; all fates were determined by their will. But then.. Tragedy struck.

VFX & SFX: Thunder & Lightning

LIGHT CUE: Red spotlight.

MR. LAMBERT (CONT'D)
(Epic booming voice)
In the year of our lord 1346, after guiding the first plague doctor, Aptitude saw no hope for humanity and left us to our own devices. The only thing left behind by our career God were lukewarm cans of diet coke, posters of affirmation, and the holy coffee mug.

SFX: Phone rings.

Light Cue: Full lights

He answers the phone.

MR. LAMBERT (CONT'D)
 Sorry just a second. Hello? Yes..
 Mmhmm.. Yes I have time at 2:30
 today.. Ok thank you, bye-bye.
 Where was I? Oh yes. THE HOLY
 ITEMS!

VFX & SFX: Thunder & Lightning

LIGHT CUE: Red spotlight.

MR. LAMBERT (CONT'D)
 For centuries these items were
 passed down from one Guider of
 souls to the next, until yours
 truly was selected during the
 height of the Cold War. 40 years
 I've been waiting for a worthy
 successor, and the test has finally
 revealed the next to sit on this
 throne of lumbar support. One sip
 from that mug and the career of a
 guidance counselor is officially
 passed on to the next holy
 crusader. That's right, with that
 cup you're drinking from I'm
 officially free from the shackles
 of...

LIGHT CUE: Full lights

MR. LAMBERT (CONT'D)
 (Shocked)
 Wait. You haven't taken a sip yet?
 You don't drink coffee? Oh no...
 That means...

SFX & VFX: Thunder & Lightning

MR. LAMBERT (CONT'D)
 No wait! Come back! It's not all so
 bad! Sometimes people remember you
 exist and you get a piece of cake
 in the teachers lounge! When
 teachers workshops happen you just
 get to sit around and do nothing!
 You get to be a real fly on the
 wall and listen to teenagers
 problems and never tell a soul!
 (MORE)

MR. LAMBERT (CONT'D)
You're the chosen one! You can't do
this to me! Nooooo!

BLACKOUT

CLONING THE PRESIDENT

INT. PRESS CONFERENCE - NIGHT

A SCIENTIST(Dr. Fox) in a MAGA hat and lab coat is at a podium ready to answer questions from the press who are scattered throughout the room taking pictures and notepads at the ready.

DR. FOX

Ladies and Gentlemen, Welcome. When the corrupt Supreme Court selfishly ruled that our President would not be able to legally run for a 3rd term, we here at Fox Scientific put our brains together and found a loophole. Using an accelerated cloning process, we have created a new Trump. Using AI, we have educated him using President Trump's tweets up until his 2016 win. Which, makes him legally distinct from our sitting President and a person who has not held office before thus almost guaranteeing eight more years.

The crowd of reporters murmur. Dr. Fox extends his arm and points off stage to welcome the new clone.

DR. FOX (CONT'D)

Please welcome to the stage, our next President, Donald K. Trump!

The CLONE TRUMP lumbers on to the stage. Clone trump approaches the podium.

CLONE TRUMP

It's time to kick those DemoRATS out of Office and put someone in charge who knows what they're doing!

The members of the press look around the room at each other in confusion.

DR. FOX

...I'll now open the floor up for questions.

The members of the press raise their hands to ask questions.
PRESS MEMBER #1 just starts talking.

PRESS MEMBER #1

Dr. Fox, isn't this unethical?
Won't the public be outraged?

DR. FOX

Excellent question, our studies
have shown that at least 25% of
registered voters will look the
other way when it comes to anything
MAGA related, so we think we're
safe come election season, and any
other criticisms we will label as
fake news as per usual.

PRESS MEMBER #2

Dr. Fox, Mr. Trump, with the amount
of executive orders issued in the
last term, do you feel this trend
will continue under this new
administration?

DR. FOX

Excellent question you see..

Dr. Fox is interrupted by Clone Trump.

CLONE TRUMP

Obama is constantly issuing
executive orders, it's a power
grab. Sad that a President has to
resort to that level to get
anything done.

Dr. Fox pulls Clone Trump aside for a second and talks to him
like a child.

DR. FOX

No no.. We talked about this.
There's two Trumps and one of them
is President right now, remember?

Clone Trump nods his head and they both step back to the
podium. Fox looks nervous, the members of the press look
around the room at each other in confusion.

PRESS MEMBER #1

Mr. Trump, how do you respond to
the current President Trump's
comments and actions regarding the
conflict between Iran and Israel
and the US's current involvement?

CLONE TRUMP

Nasty business, The Middle East, Ya know, I said Trump would attack Iran because of his inability to negotiate properly. Totally unskilled and an embarrassment as President.

DR. FOX

Ok that's enough questions from the WOKE left over here. Fox News you have a question?

FOX NEWS REPORTER

Ah yes, Mr. Trump, we're curious if you've decided on any running mates or cabinet picks should you win the election?

CLONE TRUMP

Excellent question, fantastic question even. Ya know, when I woke up the first thing I wanted to do was hook up with some of my old friends and talk business and the future of this country. So off the top of my head, he's a great guy with money, one of the best, I'd have to say my good friend Jeffrey Epstein would be my first pick to-

Dr. Fox jumps in cuts Trump off.

DR. FOX

(Nervously)

Haha ok well it looks like we might have a little bit more to catch you up on!

CLONE TRUMP

What's wrong with Jeff?

DR. FOX

Oh nothing, nothing, we'll talk about it later.

CLONE TRUMP

Ok good, I was worried, ya know, Diddy and I go to his island all the time-

Dr. Fox interrupts Trump again.

DR. FOX

Ok ok, that's enough! Uhh, Does anyone have any non-politically damning questions to ask?

Press Member #2 raises their hand again.

PRESS MEMBER #2

Dr. Fox, this next question is for you. You mentioned his knowledge was based through the 2016 election, what was your plan to bring him up to date? I feel like you jumped the gun here.

DR. FOX

There was no long term plan, we were hoping that his love for attacking whoever is sitting in office currently would be enough to win him enough electoral votes and then just figure it out along the way.

CLONE TRUMP

Electoral college? Just another term for rigged election. I'll never get a fair election. Hillary's emails should have been enough to get her off the ticket but with Global Warming being an attack on American freedoms-

Dr. Fox pulls an ether soaked rag from his lab coat and covers Clone Trump's mouth. He struggles for a second and passes out.

DR. FOX

Ok this was a terrible idea, but don't worry folks, I'd like to introduce our back-up plan: Donald L. Trump! Unlike the previous model he is trained specifically on episodes of The Apprentice and is much younger in appearance and gumption.

An incomplete CLONE TRUMP 2 lumbers out onto the stage, he is wearing a diaper and is covered in pink goo.

FOX NEWS REPORTER

Dr. Fox, this seems like a waste of resources, wouldn't the election be better off in the hands of say, Don Jr.?

DR. FOX

Hah! Are you kidding me? That guy is an idiot!
