

ADBLUE INSTALLATION

NEW SP ADBLUE DISPENSER INSTALLATION

SP DISPENSER

Fleetfueller understands that when it comes to dispensing AdBlue, the equipment can sometimes be of a low standard with many of the components made of plastic. Fleetfueller's SP AdBlue dispenser has all Stainless-Steel components with an MID class 4-piston meter completely made of Stainless. The Dispenser is fitted along with a submersible pump supplied by stainless steel pipe all installed by Fleetfueller.

Fleetfueller manufacture, install & maintain its range of Adblue dispensers,
