

When purchasing a new license or upgrading to a GASWorkS™ 11.0 license, an “activation fee” will be due for the first year of use. An annual “Renewal Fee” is required for continued access and use of the software before the anniversary of the initial license activation.

The “upgrade/activation” fee is waived for the first year of use for current GASWorkS 10.2 Users who upgrade to GASWorkS 11.0. Users are responsible for the annual “Renewal Fee” to continue accessing and using the GASWorkS software.
