The Origin of the Crest

The symbol predates modern civilization and was created by the first **Chi-Lords** to represent the balance between:

- **energy and matter**
- **human will and natural forces**

Why Chi-Lord Uniforms Bear the Symbol

For Chi-Lords, the crest signifies:

Authority

Marks the wearer as a sworn protector of balance.

Oath

Wearing it signifies adherence to the **AlphaChi Code of Honour**.

Why It Is the Taekwondo Academy Logo

The Academy is not merely a martial arts organization — it is a front and training ground for future Chi-Lords.

Using the crest publicly serves several purposes:

Legacy

Preserves the teachings of the Chi-Order in plain sight.

Subtle Identification

Signals to AlphaChi worldwide that the Academy is a place of guidance and protection.

Concealment Through Visibility

Displayed openly, it appears to be a martial arts emblem, concealing its deeper significance.
