THE STORY...

In the shadows of humanity rages a *secret war*. The **AlphaChi**—humans born with extraordinary Chi energy—silently rule through power, espionage... and assassination. In London's Taekwondo Academy, **Grandmaster Kenson Osbourne**—known in secret as **Will Power**—trains young **Chi-Cadets** to become **Chi-Lords**, guardians of humanity and protectors of the fabled **Crown of Elements**, an ancient relic forged by their ancestors with the terrifying power to command the very forces of nature itself.
