REVIEWS

We had the absolute pleasure of having Fin from Coastal Discos DJ at a wedding where I was a bridesmaid, and he completely brought the vibe! 🎉 He was engaging, interactive, and had a real knack for reading the crowd — every track was spot on. Fin had everyone up on their feet, dancing the night away, and his energy was infectious. He even managed to capture so many amazing memories throughout the night, which made it all the more special. I would 100% recommend him to anyone looking for a DJ who knows how to make an event unforgettable, and I'll definitely be looking to hire him for future events! (Danni-Marie White)

Fin is the best of the bunch, always gets the vibes going and makes the room pop off. Top tier. (Frankie)

We just don't know where to start. Fin is the most reliable flexible caring person. If you have booked for an event you will not be disappointed. Going the extra mile from start to finish. He is most professional, accommodating and friendly person you could wish to meet. The dance floor was never empty and the fun, laughter and dancing never stopped. The requests and special little touches did not go unnoticed. Young and old where helped to create memories on the dance floor.

- thank you once again (Kathy power)

We got married at The Old Vicarage on Sunday and had Fin as our DJ, he was professional from start to finish and had everyone on the dance floor, we were on there all night ourselves and not once was it empty. All our guests commented on how good the music was and catered to everyone. Thank you so much Fin, it was a night to remember 🥳 (Karen Wigmore)
