NOTE: There will be NO Christmas Day service

Last month was Pastor Appreciation Month, and I am still inspired and appreciative of an experience that I had on October 10. I was blessed with the opportunity to attend a conference in the Milwaukee area called “Change or Die.” I’m extra grateful because it’s been three years since I’ve been able to attend due to schedule conflicts, and it has always been a blessing to be with great colleagues in the presence of great presentations.

“Change or Die” seems like such a startling name for a church conference, but it seeks to engage topics that are of critical importance to Lutherans and the whole Church – and with the necessary amount of urgency. It’s been held since 2009 and has grown from about 40 attendees to over 300 this year. What makes it unique is that it is a “pan-Lutheran” event sponsored by the Siebert Lutheran Foundation, which means it is open to ALL Lutherans. That means there are clergy and other church workers from the various Lutheran denominations, including the Lutheran Church – Missouri Synod, Wisconsin Evangelical Lutheran Synod, and Evangelical Lutheran Church in America. The speakers at the event represent each of these main three denominational bodies. Such gatherings almost NEVER occur because there are such differences and, frankly, animosity seems to reign among our various groups. That’s a rather sad commentary on Lutherans as a whole ... and we all have much to repent about over this continued lack of unity in Christ.

But this one day is different.

Part of the structure of the day is listening to speakers from these other Lutheran bodies, but the most significant and demanding part is being seated at round tables with folks from the other denominations. The planners purposefully put together a seating arrangement just like you might experience at a wedding, and you are assigned to a specific table filled with diversity – because we all know if given the opportunity we would choose to sit with those with whom we have the most in common.

As a result, table talk happens frequently throughout the day ... and something just like magic happens.

We realize that we are ALL facing lots of the same issues as denominations and congregations, and we forget our differences for a day and put our heads together in focusing on the things that we share rather than the things that divide us.

I cannot commend an experience like this to you enough, my dear readers. In a time that I find to be more divided than any in my history it feels like God is calling us to be better than this. As Thanksgiving quickly approaches, we will be reminded once again just how localized and acute our divisions have become as we sit around a table with family and carefully avoid talking about hot button topics. Wouldn’t caring conversations be a better alternative? We simply must find a way to overcome those things that continue to divide us and reunite around those things we share ... because there are MANY and continuing on our current trajectory is literally killing us every single day.

“Change or Die” is a day like none other, and it seems to me that even though the name of the conference is indeed startling, the banner under which we gather gets more poignant every year in the larger Church, and the world. We all resist change, but it is truly amazing what a mess we can get used to if we don’t.

I appreciate you, and the work you are doing in your various worlds to be kind and civil. It most definitely matters!

Peace + blessings ... Pastor Kemp

Treasurer's Report – September 2019

September's income was \$15,600 compared to a budget of 26,700. Year to date Income is \$224K compared to a budget/predicted of \$241K. September expenses were \$28,900 compared to budget of \$30,500. Year to date expenses are \$258K compared to a budget/predicted of \$275K. Overall, expenses are under budget, mainly due to not filling faith formation position, but donations are under projections also.

General checking fund for routine bill paying has fallen from \$39,900 at the end of August to \$27,400 end of September consistent with income and expenses of September. The summer fund drive has really helped get us through this, and gotten donations much closer to predicted. With three months left in the year, and December usually being a good month for donations, I believe we will finish the year without having to access line of credit, and maybe a little reserve for start of 2020. The response to our fall appeal for mission support will be critical to guiding our long term mission here. Please contact me with any questions.

Sincerely

Tim Logemann, GSLC treasurer

Shepherding Growth in Faith

From your Parish Nurses

NOVEMBER

*Your Parish Nurses,
Barb & Mary*

The CDC recommends a yearly flu vaccine as the most important action you can take to protect against getting influenza. Influenza complications can be serious. CDC states getting vaccinated can reduce flu illnesses, doctor's visits, missed work and school, as well as prevent flu-related hospitalizations. There is data that suggests that if you have received the vaccine and you get the flu your illness may be milder. The CDC recommends getting the vaccine by the end of October, but it is not too late to go and get the vaccine if you did not get it in October. It is especially important for the at risk population which includes young children, people with chronic health conditions like asthma, diabetes, or heart and lung disease and people 65 and older. Pregnant women are also considered to be at risk. CDC recommends daily actions to prevent the spread of germs.

- *Avoid close contact with sick people and if you are sick limit contact with others.
- *If you are sick with flu-like illness, the recommendation is to stay at home for at least 24 Hours after your fever is gone except to get medical care or other necessities.
(Your fever should be gone for 24 hours without the use of a fever reducing medicine)
- *Cover your nose and mouth with a tissue when you cough or sneeze and throw tissue in the trash and wash your hands.
- *Wash your hands often with soap and water.
- *Avoid touching your eyes, nose and mouth. Germs spread this way.
- *Clean and disinfect surfaces and objects that may be contaminated with germs.
- *The CDC also recommends taking flu antiviral drugs if your doctor prescribes them.

"Dear friend, I pray that you may enjoy good health and that all may go well with you, even as your soul is getting along well."

Hey Holiday Shoppers! The shopping season is right around the corner! How about if we told you that in addition to your friends and family, there is a way that your Good Shepherd family could benefit from your holiday shopping? It is very simple. Amazon Smile is a program through Amazon, where 0.5% of all purchases you make are donated to the charity of your choice. And, of course our Good Shepherd family is always our choice. So.....when shopping for friends, family, work colleagues, acquaintances, lawn guy, favorite heart Dr, favorite pastor or church administrator, etc. on Amazon, just type in Google, Bing, whatever it takes to go to Amazon Smile and register with Good Shepherd in Wausau, and help out your Good Shepherd family with those purchases too. Let's put some of Jeff Bezos billions (Amazon owner) to work for us right here at Good Shepherd.

Happy shopping and Merry Christmas!
