Lot 1	AW Steel My Heart 604P
Black Baldy	DOB: 1/1/2026
Tattoo: 604P	Registerable: PB Simmental
Sire: Long's Redwood	
Dam: JM Steel My Heart	
Consignor: Wood Cattle Co.	
Let's see who's paying attention. This heifer is the result of an embryo purchase from Sloup Simmentals. Her dam doesn't need much of an introduction with having 145 offspring currently reported and also being a full sister to Mr HOC Broker.	
Lot 2	AW Noelle 606P
Red	DOB: 1/1/2026
Tattoo: 606P	Registerable: % Simmental
Sire: PIE Cadillac 3289	
Dam: AW Noelle 209k (Bankroll x HS Sweet Gem H141X)	
Consignor: Wood Cattle Co.	
This is a beautiful 1/2 Red Angus 1/2 Simmental heifer. The PIE Cadillac females are really starting to catch on, and I can't say enough about my Sweet Gem daughters. As I get older, I've lost my patience for bad feet, bad udders and most importantly bad attitudes. I feel this heifer is a great example of the type of problem-free, long lasting female that I would want in my own herd.

If you're looking for a heifer with an extra shot of flash, look no further! This Cool Kids Club daughter, out of an Oracle cow I purchased from the distinguished DeLong family, has the look, design, and flair to turn heads. Black	DOB: 1/4/2026
Tattoo: 601P	Registerable: PB Simmental
Sire: In Dew Time	
Dam: 955 Hooks Galileo	
Consignor: Russ Helmreich	
Little older school genetics on the top side on this one, but when you see this heifer in person you'll know why I continue to use In Dew Time. He has done very well for us over the years. They make awesome cows. This heifer's dam has a picture-perfect udder. This heifer has a ton of middle while being the right frame size. She'll have plenty of performance. She has cow written all over her.

Consignor: Wood Cattle Co.	
Here's another embryo purchase from Sloup Simmentals. This female goes back to the famous EKHCC Red Jewel 760 cow on the bottom side. This mating may be a bit dated but that doesn't mean it didn't work. Heterozygous black.
