FINANCE

If you are obtaining finance you will need a Bank or a Broker, choosing to use a bank or a broker is a personal choice. You may choose to use the bank that you have banked with for many years. You may choose a broker as they have access to many different lenders and therefore different interest rates.

There is no need to meet your Broker and some Banks, in person as everything can be completed via phone and electronic means, so it does not matter where you OR your Broker is located, however, we have some excellent local Yarrowonga Brokers:

CFG Finance – Dominic Audino

Loan Market One Network Broking – Shane Cummins

Mortgage Finance Solutions – Justin Lidgerwood and David Crossley
