Ride Information

**All rides are private, customized, and arranged for your group.
Rides must be booked in advance – 24 hours.**

We focus on quality – not volume – so make your reservation early as we only take 1-2 groups per day. Keeping it limited - makes it a unique horsemanship experience and keeps horses, dogs & guides well rested. We don't meet you at our barn – horses are trailered to a forest trail so you truly "ride in the mountains".
