Leatherby's Outing

Many of us have heard of George Washington's false teeth, but he apparently had a sweet tooth, as well. According to the International Dairy Foods Association, the records of a New York merchant show that the founding father spent almost \$200 on ice cream during the summer of 1790!

Identifying America

At home or abroad, most people can name a symbol that represents the United States to them.

Lady Liberty. The first thing seen by many as they reach America, the Statue of Liberty was a gift from France. The statue dedication took place in 1886. It was originally intended to be presented in 1876 to commemorate a century of American independence.

Old Glory. Possibly the most recognized flag in the world, creation of the first version has long been attributed to Betsy Ross. Between 1777 and 1960, various acts and executive orders changed the shape, design and arrangement of the original flag.

Beautiful bird. Thanks in part to its great strength and stately looks, Congress chose the bald eagle as the national symbol in 1782.

Happy Birthday!
