

## MEMBERSHIP INFO

The Fox Valley Safety Council (FVSC) has been active since the 1940's and was established to provide networking opportunities for council members and to provide information on safety programs and OSHA mandates.

Benefits of membership include:

- Monthly meetings featuring keynote speakers and/or tours.
- Networking opportunities with other safety and health professionals.
- Cost-effective training programs and other special events.

### Membership:

Individual .....\$100/year

Membership fees are based upon an individual membership fee of \$100 per year. This is per person and non-transferable to other members of your organization. Individual memberships will follow the enrolled person, not the organization.

Additional guests can attend meetings for a nominal fee of \$20 per meeting.

On occasion, there will be opportunities for special meetings with possible additional costs for all members and guests.

Yearly membership is from August through June.

The FVSC Membership dues help to support quality programming for our members and to ensure a lasting FVSC Scholarship program for our health and safety professionals to come.

## GOAL/OBJECTIVES

The primary goal of the FVSC is to promote health and accident prevention in a safe environment within Fox Valley workplaces and industry. Supporting objectives are as follows:

- Cooperate with national safety and health organizations interested in accident *prevention*.
- Provide contact information of safety professionals for discussion on accident prevention in industry.
- Provide education in safety and health to the general public and our industry partners.
- Cooperate with state agencies and with local, regional, and national safety and health organizations interested in accident prevention.
- Attract experts in specialty fields to speak.
- Serve as a role model in the community for the promotion of accident-free activities.

The FVSC Sponsorship program provides organizations that serve the safety and health community in the Fox Valley with valuable exposure to more than 40 companies. We offer a variety of sponsorship opportunities to fit the needs of any sized organization.

Our Sponsorship program allows us to offer quality programs for our members and is a continued source of funding for the FVSC Scholarship Program.

See our website

[www.foxvalleysafetycouncil.org](http://www.foxvalleysafetycouncil.org)

### Scholarship Criteria:

The FVSC is pleased to offer a \$500 scholarship award to students pursuing a degree in a safety or health field. The council seeks candidates who will use their training to provide safety and/or health related services and support for our area workplaces. In addition, the award will include a free one-year membership in the FVSC.

### Applicant requirements:

Eligible students must be enrolled in a safety and/or health related field. For more information and requirements please see our website: <https://foxvalleysafetycouncil.com>
