Middletown Athletic Department

HANDBOOK **2017-2018**

The Middletown High School Athletic Handbook is a reference guide for coaches, student-athletes and parents, concerning the policies that govern interscholastic athletics at Middletown High School.

The coach of an athletic team reports to the Athletic Director and is primarily responsible for the compliance by his/her team members to the rules, regulations, and policies governing athletics at Middletown High School. The Athletic Director will administer these rules and regulations. Sound reasoning, good judgment, and adherence to the school's core values will be the standard by which situations outside these stated rules and regulations are determined and evaluated.

Interscholastic athletics is a voluntary program. Students are not obligated to participate and participation is not required for graduation. Thus, competition in high school athletics is a privilege and not a right. Accompanying this privilege is the responsibility to conform to standards established for the high school athletic program. This privilege may be revoked if the athlete fails or refuses to comply with the rules.

PHILOSOPHY

The Athletic Department is an integral part of the educational process at Middletown High School. Being involved in athletics provides the student with opportunities to promote good sportsmanship, develop leadership skills, and practice the ideals of fair play and ethical behavior that are necessary for competition and cooperation in our society. Athletics should also provide our students with the opportunity to learn self-discipline, self-sacrifice, and loyalty to the community, the school and the team. Students should experience the satisfaction of self improvement, the enjoyment of rigorous competition, the fellowship of shared endeavor, the accomplishment of common goals, the benefits of physical fitness, as well as a sense of fun and recreation. Middletown High School will emphasize sportsmanship, fair play, and the overall promotion of athletics as a gateway to a healthy lifestyle. Middletown High School views the goal of winning as subordinate to the goals of developing good character and memorable experiences consistent with the above described philosophy.

COACHING

Middletown High School endeavors to hire experienced coaches who are dedicated to educating student athletes in developing individual skills, teamwork, good sportsmanship and fair play. Middletown High School prefers to recruit coaches from our faculty and staff dependant on their knowledge and level of expertise. For those coaches hired from outside the school, Middletown High School will educate them on the norms, traditions and expectations through community outreach and ongoing professional development as a way to integrate them into the entire school community. Coaches are expected to be genuine, honest, prepared, organized and in control of their emotions; which are all traits of a quality teacher in the classroom. These expectations are expected from all coaches during practices and games. Coaches are required to demonstrate the highest ethical behavior at all times. Coaches need to be aware that lapses in ethical behavior will be addressed immediately with the school administration.

SPORTSMANSHIP

As members of the Middletown High School athletic program, students, coaches and parents are expected to demonstrate genuine respect for each other, opponents, opposing coaches, teachers, officials, spectators, and the community. Student-athletes and coaches are expected to exhibit the highest level of conduct, both on and off the playing fields, as they are at all times a representative of their team, school and community.

COMMITMENT

In order to be successful, a student-athlete must place the highest priority on health, academics and training. All team members are valuable, and each team needs to know that it can count on its members to be at all practices, games and functions. This builds camaraderie and trust, which ultimately builds community. This sometimes means balancing and prioritizing social life, family trips and other events, which come in conflict with training and competition. The dedication, commitment, discipline, and self-sacrifice expected of student athletes are among the most valuable life skills an athlete takes away from a good athletic program. Athletes who can not commit to these expectations should strongly consider whether or not they should join the team.

Student Athlete Discipline

Student Athletes who receive disciplinary action from school administration will be subject to the following athletic disciplinary actions. School Disciplinary Action

BOOSTERS

Middletown Sports Boosters is a club made up of community members, families, alumni, friends and sponsors who believe in supporting our students in extracurricular activities. We strongly believe that sports and school sponsored events help in a child's middle school and high school career. The Middletown Sports Boosters' primary goal is to encourage and reward student participation in the athletic programs at Middletown High School and Middletown Middle School. The Boosters' responsibilities include raising money by selling concessions at sporting events and holding various fund raising activities i.e. Mustang Jubilee, Golf Tournament and Bingo Night. Boosters also sell "Mustang Merchandise" and other items so everyone can show their MIDDLETOWN PRIDE at school and at these events. The money raised is used to support athletic teams at the middle and high school, to fund the Booster's scholarships to deserving MHS senior student athletes and to support ongoing special projects and any other activities deemed appropriate for the benefit of the athletic programs.

There are many ways to support the MHS Booster club:

- 1. Attend meetings announced on the school website or Middletown Sports Boosters Facebook page**
- 2. Volunteer to work in concession stand or event**
- 3. BECOME A GOLD MEMBER OF MHS SPORTS BOOSTERS CLUB!!!!**

ATHLETIC ELIGIBILITY

TO BE ELIGIBLE for participation in sports, students must abide by the following rules:

(SCHOLASTIC ELIGIBILITY RULE 205)

- 1A) A student, in order to be academically eligible for athletic participation, must be currently enrolled in a minimum of 20 semester periods of work and have passed at least 20 semester periods of work at the completion of the last regular grading period and must be successfully progressing towards the graduation requirements and be maintaining the grade point average as set forth by the local Board of Trustees, which exercise the responsibility over the student's school.
- 1b) Middletown High School Board of Education Policy 5010.2 requires students to maintain a 2.0 overall grade point average for all classes.
- 1c) A student who fails to meet the 2.0 overall grade point average for all classes can apply to the Athletic Director for an academic waiver. The student can only receive one academic waiver for the entire four years of high school attendance. Students who're in their Freshman year can not apply for an academic waiver. Students on academic waiver must turn in a weekly grade sheet to the Athletic Director. This waiver is considered academic probation. Two "F" grades will constitute a violation of the waiver. If a student falls below a 2.0 GPA or receives two "F" grades, the student can participate, but can not participate in a game until grades are brought up to a 2.0 GPA.
- 1d) Two "F" eligibility: If an athlete is receiving two "F's" at the date of determination while playing sports the athlete will be benched from playing in any games or meets. The athlete may still practice with the team, but can not participate in any game until one of the "F's" is brought up to a passing grade and they have a minimum GPA of 2.0. The athlete will need to get a weekly grade check.
- 2) Satisfactory in conduct, habits, tardiness and attendance before representing the school in an athletic contest (extenuating circumstances will be reviewed by the athletic director and coach involved).
- 3) Grade level, age, and residence, as required by CIF, NCS, CMC and MHS athletic clearance procedures.
