At Calpine we are proud to be one of the first to introduce corrugated plastic to the asparagus market. This distinction gives us more than 25 years of experience; however, it is the quality and service that defines us.

Our company continually seeks to earn your preference season after season through service and adjusting to sudden changes in the market.

The support of exclusive warehouses for the asparagus market not only allows us to create stability for your needs, but we also provide all types of products for your harvest under one roof. Thus, facilitating your purchases and reducing storage at your location and significantly improving your cash flow.

GRAPE PACKAGING

Effective packaging plays a critical role in maintaining the quality and freshness of grapes from harvest to the final point of purchase. At PAS, we carefully design and source solutions to meet that need —ranging from ready-to-ship programs to fully customized options. The right packaging not only safeguards the fruit but also elevates its presentation, making it more appealing to buyers. From vineyard to shelf, PAS is your complete packaging partner.
