

# Tug-Of-War

Each Team to consist of 5 members.

Equipment to be supplied: 1-50' section of Association Supplied 2 ½" Fire Hose.

Equipment to bring: Full Structural Turnout Gear and structural boots (Minus Hood).

Event: A 2 ½" hose will be marked in the center on each side and laid on the ground. The two teams, starting on each side of the center mark will begin to pull on the judge's signal pulling the opposing team towards their finish line. The first team to pull the center mark past the opposing team's 25' mark will win. This will be a single elimination event.

Penalties: Letting go of the hose line and causing the other team to fall will result in a disqualification.

Notes: No team members will be able to wrap the hose around any part of the body. All team members will have to use brute strength and pull with their arms and legs only.
