VR Angel Set

An exhibition turned wearable art installation. This set explores how the human vessel creates an intersection for nature and the manmade digital world. Made entirely out of recycled wires, a keyboard, and a helmet.

Dune Dress

A versatile earthy dress that has three looks in one garment. The cotton jersey material wicks sweat while providing warmth for varying temperatures. The stretch adapts with the body as it gains or loses weight.

Trash Princess Set

Made entirely out of recycled plastics, this set is meant to reuse the mass amounts of waste created each day. Heavily inspired by corsets, victorian gowns, and drag culture.

Forest Fairy Set

This set was heavily inspired by the Miu Miu mini cropped offewear runway look, but instead of offewear, it would be fantasy themed. A mossy knit sweater and skirt that were distressed at the ends as if a fairy had used foliage to create clothing.
