

October Flash Sale!

In honor of Breast Cancer Awareness Month, I'm offering 5 Reiki sessions for \$499 (regularly \$675 if purchased separately). 💖

Reiki is most powerful when done as a series. Just like exercise or meditation, the benefits compound with consistency—helping your body and mind shift into deeper states of relaxation, healing, and balance. With repeated sessions, stress and energetic blocks are released layer by layer, creating space for renewal and peace on every level.

🌸 Whether you're on a healing journey, seeking stress relief, or wanting to nurture your body and spirit, this series is a beautiful way to give yourself the gift of consistent care.

 Offer valid through October only.
