Activities:

Kids Candy/Beany Baby Toss:

The tossing of the bouquet and garter are very exciting activities and very attractive to any children present. However, because they are small they are at risk when out on the floor with adults who may be scrambling for the bouquet. For that reason I highly recommend a parallel activity designed to occupy them at this time. A Kids Candy/Beanie Baby Toss is a great way to make the children feel involved and keep them out of harm's way. If you have something prepared for a toss we will complete this before the regular toss. A dish of candy treats off to the side will further occupy them while we move on to the bouquet and garter toss.
