Income Qualification Training

Location: Loggerhead Salons

This **"FREE"** TRAINING provides information about how to appropriately qualify households to participate in SHIP and HUD programs. Households paying more than 30 percent of their income for housing are considered cost burdened and may have difficulty affording necessities such as food, transportation, clothing, and medical care. An estimated 12 million households pay more than 50 percent of their annual incomes for housing. A family with one full-time worker earning the minimum wage cannot afford the local fair-market rent for a two-bedroom apartment anywhere in the United States.

Speaker: Michael Chaney, Training and Technical Assistance Advisor, FHC, Tallahassee, FL
