Contact Me I Would love to volunteer \_\_\_\_\_

We are The Morongo Valley Firefighters Auxiliary, a 501 (c) (3) Non-Profit Charity founded in 1995. All of our members are volunteers and our sole purpose is to support the Morongo Valley Fire Department (MVFD) and its employees which is accomplished through a variety of objectives. One of our goals is to raise funding for necessary equipment so the Morongo Valley Fire Department can become a certified American Heart Association CPR class location. Our sources of income include membership dues, donations and fundraising events. This is where we would need your help. With the support of our friends in the business community and residents like yourself, we will be able to reach all of our goals to assist with our local fire department and their needs. We appreciate your support and look forward to having you as a community partner.
