

She goes into a store, MIKE, the store owner sees her and instantly smiles and plays with the baby.

MIKE

She's getting bigger by the second!
Reminds me so much of my daughter.

DENISE

We'll have to meet her one day and
she sure is, the doctor said, "this
is a chubby one" when she came out.

They both laugh, and so does Halo.

MIKE

What do you have for me today?

He scans her basket of figurines. He picks out a seashell ballerina with shimmering red shoes.

DENISE

(she smiles)
Dorothy inspired.

MIKE

Is this Oz or home for you?

She thinks it over.

DENISE

I never thought of it.

MIKE

Well do let me know when you figure
it out because you and Halo are
like family to me now, seeing you
guys every morning for the past 6
months have been a joy, I'd hate to
see you leave.
