Please remember to be kind, courteous, and respectful. If you are not given the opportunity to speak to someone, request to leave a message.

Step 1: Introduce Yourself

Hello, my name is (say your name). I want to clarify, I'm not currently in a poisoning emergency. I'd like to speak with either your administrative or medical director. To ask whether or not they received the letter and brochure from Kiplely and the non-profit That Water Bead Lady.

Step 2: Ask and Tell

Leaving a message...

Hello, my name is (say your name). I am calling to ask if you received the letter and brochure from Kiplely and the non profit 'That Water Bead Lady' about the dangers of water beads.

The safety issue of water beads is VERY important to me. I want children and pets in our community to be safe. If you have not received the letter and brochure. Please Visit ThatWaterBeadLady.org for the most up to date information about water beads and the risks they pose to our community. Thank you for your time.

Transferred to a director...

Hello, my name is (say your name). I am calling to ask if you have received the letter and brochure from Kiplely and the non profit That Water Bead Lady about the dangers of water beads?

YES

That is wonderful to hear. Keeping children and pets in our community safe from the dangers of water beads is VERY important to me. I appreciate you taking the time to read the information in the brochure. Thank you for the work you do protecting our community.

NO

It will likely arrive in the next few days so please be on the look out. The issue of water bead safety is VERY important to me. If it doesnt come by the end of the week please visit ThatWaterBeadLady.org for the most up to date information about water beads and the risks they pose to our community. Thank you so much for your time and work.

Step 3: Hang up, YOU DID IT!!!!

After you call, let That Water Bead Lady know by commenting on our social media, emailing us, or join one of our Lives on Tik Tok taking place each day during the week of February 6th, 2023. The first live is February 6th, 2023 at 12pm cst.

A Message For You...

Thank you for assisting us in keeping our communities', children, and pets safe! Bold moves bring about change. And today, with your assistance, we made a bold step toward protecting the children and pets. Your advocacy and support are fueling the drive to raise awareness about the risks of water beads. You are saving lives and we appreciate you
