

## RECELL MX 2023 CALL

### “Regenerative Medicine and Stem Cells awards”

The “RECELL MX 2023 Awards” are a tribute to the excellence in Regenerative Medicine and Stem Cells Therapy in Mexico and on a global scale. In its inaugural edition, these awards recognize individuals and groups for their professional careers that have made a significant impact in their fields, driving the pursuit of innovative solutions for health and well-being. This annual event aims to bring together bright and visionary minds who are shaping the future of medicine, promoting well-being, and opening new horizons in Regenerative Medicine and Cell Therapy.

#### 1. Category and Application Criteria:

##### a. Professional Achievement Award in Regenerative Medicine and Stem Cells Therapy:

- Open to medical professionals who have dedicated their lives to research and/or practice in regenerative medicine in Mexico and abroad.

##### b. Application Criteria::

- The call is open to Healthcare Professionals, Researchers, and Multidisciplinary Teams who demonstrate exceptional commitment in the fields of Regenerative Medicine and Stem Cells Therapy, emphasizing the importance of collaboration and diversity in research.
- Interested individuals or teams must provide documentation supporting their university, graduate, or equivalent academic studies.

#### 2. Nomination Process::

- ##### a. Interested parties must submit their nomination to the email [celulas.colmex@gmail.com](mailto:celulas.colmex@gmail.com) addressed to the Technical Evaluation Committee with the subject: “RECELL MX 2023 Participation Request” [Name and Surname]’ by Friday, September 15, 2023.

##### Include:

- Letter of Motivation with a profile of your work and contributions to Regenerative Medicine
- Digital supporting documents in a single folder.
  - Curriculum Vitae including relevant certificates, articles, appointments, and more.
- Title of the presentation on the topic with the most expertise to present.

### 3. Deadlines and Important Dates:

- a. Opening of the call: Friday, August 18, 2023
- b. Closing of the call: Friday, September 15, 2023 - 23:59 hrs.
- c. Announcement of results: Friday, September 22, 2023
- d. Awards Ceremony: Saturday, December 9, 2023
  - o Location: University Hippocrates Facilities, Acapulco Guerrero.

### 4. Judging Panel:

Judging Panel: The jury consists of prominent professionals in research, healthcare professionals, and experts in Regenerative Medicine and Cell Therapy, both from Mexico and the international community.

For this inaugural edition, the Technical Evaluation Committee will be composed of:

- Vanessa López Guerrero (Ph.D. in Sciences from the National Autonomous University of Mexico)
- Mauricio Di Silvio López (Doctor specializing in General Surgery from Hospital 20 de Noviembre)
- Diana Gabriela Esquivel Ramírez (Master of Science from the Autonomous University of Baja California)

### 5. Awards and Recognitions:

The 15 winners will receive:

- Trophy and official medal engraved with the winner's name and title related to their career.
- Annual Membership for 2024 with COLMEDINV, LIFECELL, and the Consejo Mexicano de Células Troncales con Fines Terapéuticos y de Investigación A.C.
- Official recognition document for the award received with the seal of academic endorsements and participating institutions.

Additionally, awardees will have the opportunity to be selected and invited to participate in the 2024 Technical Evaluation Committee.

### 6. Contact:

For inquiries related to the call, please contact Mr. Sebastian E. Nieto A. at the following email address [celulas.colmex@gmail.com](mailto:celulas.colmex@gmail.com) or via WhatsApp at +5217772189995.

### 7. Terms and Conditions:

By participating in this call, nominees agree to the following terms and conditions:

- Be an active member of LIFECELL, COLMEDINV, and COUNCIL, the organizing educational group of the event. You can join by contacting us via WhatsApp at +5217772317561.

- Be a Medical Professional, Researcher, or Healthcare Professional with a verifiable University or Postgraduate academic degree (Mexican participants must have a Professional License).
  - If there are intellectual property rights, the authors themselves must complete the necessary procedures with the Mexican Institute of Industrial Property.
  - Principal investigators can submit only one entry for the competition (as authors or co-authors).
  - Have an official document proving ownership of the research or work to be presented if applicable. For the Professional Achievement awards, evidence of studies conducted and/or published works demonstrating their authorship, co-authorship, or ownership must be included.
  - In all cases, the author(s) of the works will retain all rights to their submitted work, including original publication, industrialization, and commercialization of their research.
  - The winner(s) of the Professional Lifetime Achievement category must send their updated Curriculum Vitae, along with supporting documents, an official ID, and a Professional License or equivalent, in a digital folder via email.
  - If announced as a winner, the award will be presented in person on Saturday, December 9, at the “Universidad Hipócrates” in Acapulco, Guerrero.
  - The winner(s) are responsible for covering their own transportation, accommodation, meals and other expenses.
  - Confirmation of participation must be provided no later than Friday, October 6, 2023. Failure to confirm attendance will result in the award being given to the next person in line among the participants.
8. Promotion and Dissemination: Help us spread the word about this call by using the hashtag #PremiosRecell2023 on social media.
