Oakleaf Laminate

Preference Oakleaf Collection is an authentic look laminate flooring presented with stunning European Oak and Australian timber visuals. The décor layers offer colours of washed out and cool muted tones with traditional timber characteristics. Displaying the same warmth and character normally associated with more expensive natural timber flooring, our Oakleaf range is ideally suited to almost any interior fit out.

Oakleaf Laminate flooring is manufactured with the super durable surface that's sturdy enough to deal with the everyday wear and tear of modern residential life. Our Oakleaf Collection offers a real alternative to natural timber flooring without compromising quality and visual appeal.

IVORY

A photograph of a bright, airy interior space. In the foreground, a wide-plank wooden floor with a natural finish extends across the frame. In the background, a large window with multiple panes is dressed with light-colored Roman shades. Below the window is a built-in wooden bench with two dark blue pillows. Underneath the bench are white-painted cabinets with a classic panel design. A black wrought-iron chandelier hangs from the ceiling. To the right, a portion of a tan ottoman with a blue throw and a dark console table with a framed picture is visible.

Oakleaf Collection, a classic
look with authentic appeal to
compliment any interior.

MYSTIC
