

LIT LIT WITTY WITTY

CINEMATIC HIP-HOP ARTIST

Hip-hop for the awake and unafraid. Every verse is designed to break illusion and raise vibration.

As above, so below — what I write becomes what I live.

I turn real moments into soundtracks of self-realization: pain transmuted to clarity, doubt to dominance. This isn't background music. It's coded intention — made to open eyes, lift heads, and remind you that **you're divine even in the dirt.**
