

## Village Roasters Fundraising

Village Roasters LLC  
933 Anderson Drive Suite K  
Green Bay WI 54304

Dear fundraising coordinator,

I hope this letter finds you well. My name is Mitchell Josephs and I'm reaching out to let you know about fundraising opportunities here at Village Roasters. We are an independent coffee roastery located in Ashwaubenon. Fundraising with us is fast, easy and has no up-front cost.

You will have the opportunity to sell 16 oz. (1 pound) bags of coffee that will net you \$5.00 per bag sold! There are plenty of varieties for you to sell like single origin, blends, decaf, and flavored coffee. We can also create a blend that fits right in with your organization.

Start and end date of the fundraiser is up to the leader of the organization with approval from Village Roasters on the start and end date. Once we receive a final order count, we ask for a one week fulfillment period (including weekends). All coffee is roasted to order for each fundraiser. This is a huge selling point for specialty coffee drinkers.

A roster of coffee for the sale will be created based on the start date of the fundraiser as not all coffees are available year round. We promise to make it fun and diverse no matter when you start.

Thank you so much for taking the time to read this letter. We hope you consider Village Roasters as a partner in your future fundraising plans.

Sincerely,  
Mitchell Josephs
