

**a public reality presentation by the nature 2 what will happen 4 success met**

a long time back i was state schooled such that lasting Art should and does Entertain, Engage & Enlighten  
Ankorage has always been a collaboration of like-minded souls creating sonic Art for Adults

Does Music Contribute 2 the Quality 4 Your Life?

i remain unemployed thanks to COVID and the WH has only officially decreed about that i do *find something new*  
for me 2 take up that challenge, the time is right 4 an ROI on my own life's commitment by my Art 2B obtained  
more than 4 CDs of song collections are completed 2 experience 4 your own leisured pace & environments  
many images around this Paisley Place link to a URL which streams over 30 original songs and some various covers as well  
an opportunity now exists 4 U 2B among the first to witness a presentation of this Material beyond any studio walls

4 the first time ever, the best musicians are available 2 help me present a 25-year span of recorded sonic Live & 4 Real  
along with a set of very select cover songs which did influence long ago how i have become who I am now and why  
it is not my intent 2B crass or crude, but a cut 2 the chase 4 the bottom line would be to clearly declare  
investors, patrons, angels, or whatever other class might be comparable 4 cash 2 flow my way ASAP are needed

are these words 4 a joke? or am i 2B recognized by results already obtained B4 NE more R2B realized?

either way please understand why i might want 2 retain anonymity & privacy 4 as long as possible

i'm ready 2 dive into the modern day media fishbowl & swim into 4 ever, but it must be by my own way

Frank Sinatra sang something about that; Elvis Presley & Sid Vicious have versions; i once had an opportunity to record one too 😊

peace out,

Vincent

if you are still reading this now, and in a position to move funds my way why wouldn't you listen to a couple tracks to decide for yourself whether I am 4 real if you are not yet able 2B deciding whether I am worthy of your capital?

it defeats the purpose of what I am doing now to simply dupe or cheat anyone out of any money. if Anorage Art is meant to stand the test of time, I would want my personal name & reputation to remain positively intact as well.

just as being POTUS is a job for which there is no real training ground, what I am pursuing is something about which no one can really advise. the nature of Art is that it be Original. if successful in Sonic, quite often fame and fortune do follow; a somewhat hollow existence if no foundation in reality held; which at this point in my life I could not let go.

my path to success includes being able to put on a public display of how the sound does become first heard and lasts

the first track on my latest CD is called *The American Dream*. it was originally recorded as a demo back in the 90s. *Public Servant #1* began in 2016; lyrics were written, and vocals recorded in 2017. a free download is available. i would not represent Anorage as Political at all, per se. when Drew & I first met (back in 2011) we both agreed that there was no reason to intentionally offend potentially 50% of a fan base. these days it is hard to discuss even the weather with a stranger without it having the potential to become political isn't it? do *ideals* transcend politics?

presenting my Music to witness would prove, *ideally*, it was not all just studio voodoo, overdubs, and gimmicks. 99% of the pieces did start out either bass, drums and guitar or keyboard live studio group players until drums were a lock.

if you are interested to help me out, send an email to [ankorage4real@gmail.com](mailto:ankorage4real@gmail.com) and introduce yourself. please include a phone # and then i will call you directly to discuss what next steps 4 U 2 take.

I am 4 real  
U B2 please
