

26 JULY - 16 AUGUST

LION'S GATE

Portal

The Lion's Gate Portal begins on July 26th, peaks on August 8th, and closes around August 15th. During this time, we are immersed in the Divine Ray of Grace, a shimmering divine shard in the grand theatre of the cosmos.

The Lion's Gate Portal is marked by the alignment of the Sun in Leo with the star Sirius, Orion's Belt, and Earth. This alignment opens a gateway for Grace, offering healing for the wounds of the world and our ancestors—their fears, violence, grief, and guilt—as well as our own. By entrusting these wounds to the Seal of Divine Grace, we invite healing onto Mother Earth. Through the gateway of the heart of compassion, we receive inner healing for ourselves and for the collective.
