

For All Your Garage Door Needs

- Premium 2" thick polyurethane insulated garage door.
- Made in Canada.
- Short lead time.

TOHO
Canada

WHY ARE WE **UNIQUE?**

Proudly Made in Canada

All of TOHO's garage doors are manufactured in-house at our Richmond Hill, Ontario plant. We put a great deal of care into every product and regularly monitor the quality throughout the manufacturing process.

Highly-Insulated & Energy-Efficient

Our branded TOHO Garage Door goes above-and-beyond, offering the thickest doors on the market (**2"**) paired with the highest level of polyurethane insulation, providing greatest energy efficiency.

Best-in-Class Service

Your satisfaction is our top priority. Our professional installers must pass a rigorous screening process before going on a service call. And when our customers call us for any of our garage door repair services, they know they won't have to call us back again!

COLOR OPTIONS

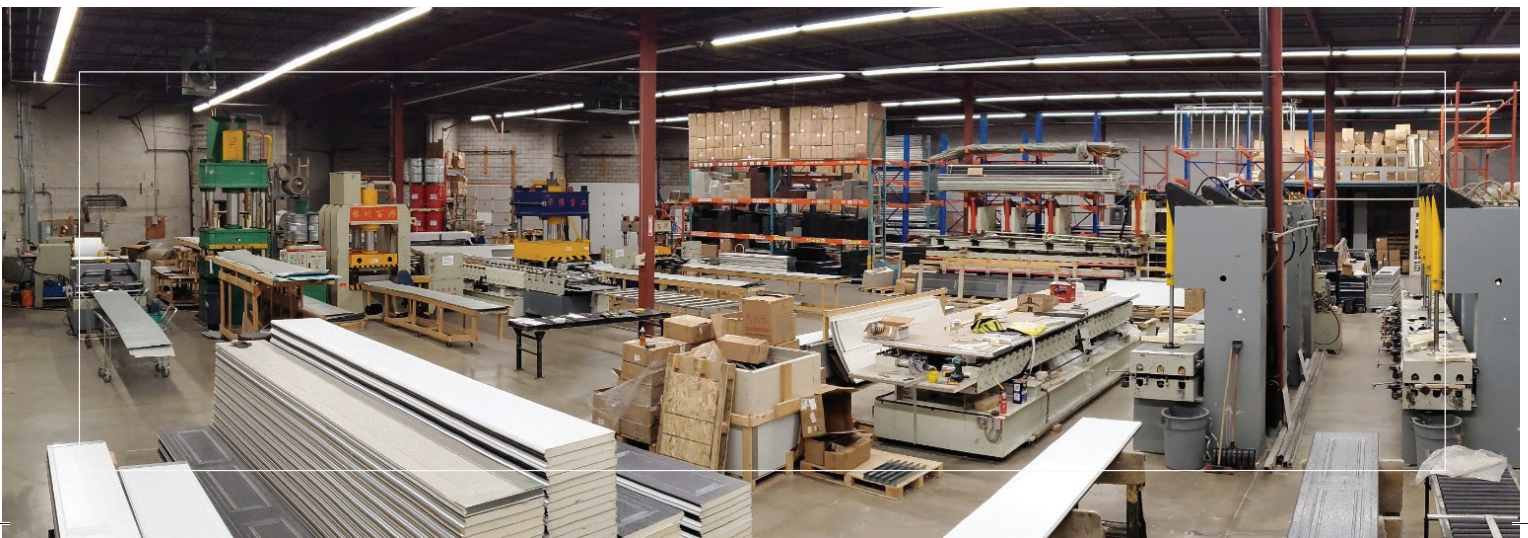

** The actual colour is subject to colour sample.*
