

The Old Frontier was established in 2004 to provide an environment for youth to experience an era of historic days and learn basic community life skills.

All activities have been developed to promote character, integrity, social well-being, self-esteem, team-work, and a love for our outdoors resulting in a positive, educational and fun-filled week.

This week's camp is for children who have completed **Grades 4 - 5**.

Breakfast, lunch and snacks will be provided.
