**PARENTS' CHOICE, KIDS FIRST! ENDORSE
MISS CHRISTY'S DANCIN' VIDEOS**

Host Christy Curtis also featured in CNN "Showbiz Today" segment

Child development experts at **Parents' Choice** and the **Coalition for Quality Children's Video-Kids First!** have just granted seals of approval to the hit new dance instructional video series for children, "Miss Christy's Dancin'," released this spring from Peter Pan Video.

"We're honored to receive these seals of approval from the educators, parents, and children who evaluate videos for Parents' Choice and Kids First!," says Christy Curtis, the celebrity choreographer who hosts the videos.

Curtis' film and TV credits include "The Little Rascals" and "Days of Our Lives." In each "Miss Christy's Dancin'" video, she introduces a group of lively children to the fundamentals of dance while allowing for light-hearted fun and creative expression. "The environment has to be playful and imaginative," Curtis stresses.

In "Miss Christy's Dance Adventures," boys and girls aged 2-6 join Curtis in learning basic movements from the jazz, ballet, and tap traditions with settings on the farm, on a lily pond, and at the beach. The show is designed to help the youngest children develop gross motor skills and their natural sense of music and rhythm. "My two-year old daughter watches this show over and over--she can't get enough of it," says Melissa Reeves, star of the daytime television series "Days of Our Lives."

School-aged boys and girls learn important basic movements of ballet, jazz, and tap dancing on the three other "Miss Christy's Dancin'" tapes: "Ballet," "Jazz," and "Tap."

"A student can take the movements on these tapes anywhere and they won't have to re-learn the steps or style for other dance classes or performances," says Curtis, who was featured on CNN's Showbiz Today on May 30th. Curtis and kids will also be featured performers at the "Well & Awareness Day" Universal City Walk in California June 3rd and 4th, sponsored by KFWB radio in Los Angeles.

"Miss Christy's Dancin' videos are available for \$12.98 at retail stores nationally; to order directly call (800) 272-4214.
