What is ACA?

ACA is a Twelve Step, Twelve Tradition program of people who grew up in alcoholic or otherwise dysfunctional (abuse, neglect, mental health issues...) homes which affected us as children and continue to affect us as adults through our feelings about ourselves, our behaviors and our

relationships with others.

We meet to share our experience, release the negative feelings, replace them with positive feelings and develop tools to help us recover in an atmosphere of mutual respect. By practicing the Twelve Steps, focusing on The Solution, and accepting a loving Higher Power of our own understanding, we find freedom.
