

# Georgia Rolly Holly

The Grit Marble Club  
Hillside Bluegrass RV Park  
592 GA Highway 87 South, Cochran, GA 31014  
www.hillsidevrvpark.com

Rolly Holly yard are 17 feet by 25 feet with 5 holes to complete before becoming a winner.

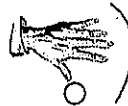

Lay to line to determine who shoots first and so on. You must ring the first hole before you can come alive and have any benefits.

Stay means your marble stays where it is, you do not shoot. You can only stay three times per game

Slipple When you shoot and your marble doesn't move over 6 inches you must call slipple before your marble stops moving

Any You can put the marble that you are shooting at on a hill and move any object between your shooter and the marble, except another player's marble.

Span is thumb on marble with middle finger reaching out shoot from finger reach

If you ring the wrong hole after you come alive you lose your shot and any shooter going for that hole and makes it you are dead. You must make all five holes before you are a winner first shooter that make it game is over.

Any time a live shooter hits another live shooter he is dead and must start over at the line.

When you get alive you shoot as long as you make the right hole or kill another shooter.

Thank you.
