

# DR. KELLY MANIRE

## CHURCH PLANTER

As an ordained pastor/missionary, Kelly Manire has specialized in gospel-focused church planting and campus ministry. He has served full-time in Baptist churches in the United States, Scotland, Canada, and Russia, since 1985, including 20 years of serving with the International Mission Board (IMB) as a missionary strategist to young adults. Kelly & his wife Jeanne raised their two kids, Melissa and Matthew in Western Canada, and became dual citizens along the way; Canadian/American.

While serving with the IMB in Moscow, Russia, Kelly & Jeanne were asked to pray about taking an early retirement. After several months of agonizing prayer, they both heard clearly from the LORD, that He wanted them to return to Canada to continue their gospel-focused church planting and campus ministry efforts.

In 2016 Kelly was endorsed and approved to serve with the North American Mission Board (NAMB) SEND Network as a Church Planter.

Kelly shares, "I love the local church and I love young adults! Sadly, all the demographics point to an exodus that's happening in churches across North America. This is particularly true in Canada. That's why we know exactly what we must do. We have to go after young adults and families, starting multiple churches aimed at one of the key places where they are located; university communities. That's why we are aiming to plant Movement Church in our community near the University of the Fraser Valley. Young adults and families in this generation need Jesus!

This last year, we have seen traction! Over 100 students have been a part of our evangelistic outreach called 'Alpha'. We reached our goal this last Easter of having 50 young adults and family members gathered for our Easter Outreach. And God has been bringing young adult interns to our church to help us reach students and families. Today, we have 5 God-called interns serving with Movement Church who God is allowing us to invest in. Praise God!
