

WHAT IS ROAR?

ROAR is a missions/ministry based organization with the purpose of redefining limitations and empowering those with disabilities to see their God-given ability through outdoor activities.

ROAR seeks to educate, assist, and mediate for those with disabilities to minimize obstacles in outdoor settings and to challenge stereotypes.

We intend to create opportunities for those with disabilities to step out beyond the point of fear or apprehension to discover outdoor passions and desires.

ROAR has at its core a love for Christ and a desire to share the opportunities for all to participate in the great outdoors.

ROAR will work to develop mutually beneficial partnerships and a network that will provide direct resources to bridge the gap between desires and reality. Together with our partners, we will challenge what defines ability. Through our actions, we will build relationships that change lives and spirits.

Many people, due to illness or injury, have not been able to fully embrace all of God's goodness in nature but ROAR intends to increase awareness, resources, and opportunities to directly impact people and their communities.
