- ★ No sharp edges

Engaging

- ★ Cognitive stimulation
- ★ Encourages movement
- ★ Eases tension

Easy to Clean

- ★ Dishwasher safe
- ★ Wipe or wash with soap and water
- ★ Built to last

SHAPES BUCKET

Brightly colored medical-grade silicone shapes for hands-on creative play through sorting, building and stacking.

FIDGET GIDGET® BUCKET

Objects featuring various materials and textures offer a tactile experience that relieves tension through sensory engagement. Fidget = Focus™

FLOWER BUCKET

Brightly colored silicone tulips and bendable leaves to arrange in and around a vase for familiar motor activity.

Benefits

-  Stimulates the senses and cognition while offering moments of joy and success.
-  Encourages movement and hand use to support motor coordination.
-  Gives caregivers a break with easy, independent activity options.

Mission

"When I couldn't find safe, dignified and engaging tools for my mom, I made them myself. Geri-Gadgets® are designed to spark curiosity, calm and connection in people of all ages and abilities."

Angela Fairhurst, Founder
