### A PERMANENT SCAR LINGERS ON THE TOWNS OF LEITH AND UNDERWOOD, NORTH DAKOTA BY TWO WOMEN ASSOCIATED WITH THE NAZI CRAIG COBB

By Gregory Bruce - GCND NEWS DOT COM - February 19, 2015

Two women, Deborah Henderson who now inhabits Underwood, North Dakota with her *'boyfriend'* (*Kynan Dutton*) and the other, Deby Nelson who continues to inhabit Leith, North Dakota with her husband (?) Michael Bencz have caused an enormous amount of trouble and concern for the citizens of not only Leith and Grant County but Underwood and McLean County as well.

Henderson (*a supporter of Craig Cobb*) took out temporary restraining orders (TRO) against four (4) people for stalking. She first took out a TRO against this writer for *'stalking'* her around the state of North Dakota taking photos and video of her and her vehicles and reporting her activities related to the Nazi takeover of Leith on the Leith website and its Facebook pages and to the newspapers and television stations. The following day that TRO was dismissed for lack of evidence she filed another TRO against Lee Cook, a City Council Member of Leith for *'voyeurism'* citing that his home security cameras were spying on her from 500 feet away.

Henderson's next TRO was filed against an Underwood teacher, Lisa Auck for giving her children *'mean looks'* while in school. This TRO hearing was covered with video and reported by NBC-TV KFYP channel 5 and CBS-TV KXMB channel 12 of Bismarck and Broken Arrow Productions in a Washburn courtroom packed to overflow with some 100 people in support of Mrs. Auck.

Henderson asked the judge for this writer to be removed from court but the judge overruled her saying that he had the court's permission in a motion to the court. When this TRO was dismissed for lack of evidence the overcrowded courtroom burst into a loud and lengthy applause in support of Mrs. Auck.

Within 30 minutes Henderson took out two (2) more TRO's in the Washburn courthouse, this time against the Bismarck Tribune reporter Lauren Donovan and

this writer for the second time both for stalking. The judge dismissed both without a hearing.

Henderson and her 'boyfriend' (Kynan Dutton) then drove back to Underwood where they attended a packed city council hearing on the two of them causing concern among citizens of Underwood. This meeting was covered by Bismarck NBC-TV KFVR channel 5 reporter Marisa DeCandido and this writer's film production company Broken Arrow Productions.

The video (movie) entitled "UNDERGROUND IN UNDERWOOD" which covers the court hearing and the city council meeting can be viewed on YouTube by [CLICKING HERE](#).

The length this woman and her 'boyfriend' (Kynan Dutton) have gone to has cost North Dakotans not only tens of thousands of dollars and lost time but the loss of peace in their towns as well.

Deby Nelson along with her husband (?) Michael Bencz of Leith have now filed charges against the Mayor of Leith Ryan Schock who is now being prosecuted by Paul Emerson of the North Dakota Attorney General for *"failure to control or report a dangerous fire in the City of Leith which resulted in endangering life or substantial amounts of the property of others."*

These two inhabitants of Leith are stirring up anger and resentment among hundreds of Grant County citizens all over again much like when Cobb and Dutton and Henderson were in Leith terrorizing citizens with guns.

It has been reported to this writer that they are constantly in and out of the Carson courthouse filing complaints against various people and the City of Leith, including its Mayor Ryan Schock and seem to have the 'ear' of the Tax Director Muriel Ulrich over coffee.

One source tells this writer while in the tax director's office asking questions about taxes and making comments about why there was so much dissension involving the courthouse and government employees that the Tax Director Muriel Ulrich said this writer was the one causing all the trouble in the county with his reporting on this website.
