EDITORIAL COMMENT

It looks like the editor of this news website may purchase this dwelling for a summer home to be closer to monitor the activities of a certain **"CONVICTED HOME GROWN DOMESTIC TERRORIST"** who lives just a few blocks away.

He will then sell each of the additional 3 city lots to the Mayor of Leith Ryan Schock and Leith City Council Members Lee Cook and Bobby Harper for just \$1 each.

They can then bring their families to visit, have picnics and share their experiences with the citizens of Sherwood and the surrounding county concerning the certain past, present and future activities of the **"CONVICTED HOME GROWN DOMESTIC TERRORIST"** who lives just a few blocks away.

The citizens of Sherwood and Antler, North Dakota, Red Cloud, Nebraska and Smith Center, Kansas will also be invited to take part in the 2016 **"FREEDOM FROM NAZIS CELEBRATION"**.

Native American Tribes from the **"FORT BERTHOLD"**, the **"TURTLE MOUNTAIN"**, the **"SPIRIT LAKE"** and the **"STANDING ROCK"** reservations will also be encouraged to attend and provide entertainment.

Additionally there will be private security provided as well as a request for local and state law enforcement presence to keep the peace.
