EDITOR COMMENT

Finally Twitter, Facebook and other companies are waking up somewhat to the devastating and threatening chatter by these radical terrorists. (that's what they are)

If the former Grant County States Attorney TODD SCHWARZ and the Assistant Attorney General PAUL EMERSON had prosecuted CRAIG COBB and mandated that he have no use of computers nor the internet during his four (4) years of supervised probation he would not be waging an internet war against this editor and his family, the Mayor of Leith Ryan Schock and his family, the Leith City Councilman Lee Cook and his family and Bobby and Sheryl Harper. COBB and his NAZI cronies threatened to kill all of us with bullets to the brain many times over and accused one of us for having relations with a dead wife posted on NAZI websites and another for taking part in the murder of a child filmed by this editor and in the movie "WELCOME TO LEITH"..

Just three (3) weeks after his release from jail on April 29, 2014 he began an attack on a NAZI website by posting photographs and writing filthy statements about this editor's family. This editor contacted the Deputy Sheriff of Grant County (now the Sheriff) John Foss and provided him with files of what COBB had posted on the NAZI website.

The FBI seized his computer and files but did the North Dakota Attorney General Wayne Stenehjem take further action and place further restrictions on his probation - HELL NO! It's no wonder Stenehjem lost the primary election by a wide margin.

COBB will have completed his probation on April 29th of next year (2018) and will actually be able to visit or come back to Leith and start his rampage all over again. One thing is for sure the citizens of Leith, this editor and Grant County people in general will never let that happen. This state and this country have had enough of these animals harassing North Dakota citizens, disrupting their peaceful lives, costing them money and letting the politicians run their lives.

Once again - most people don't realize this but the same attorneys; the former Grant County States Attorney TODD SCHWARZ and the Assistant Attorney General PAUL EMERSON that let CRAIG COBB off with just a slap of the hand are the same ones that tried to put the long time Mayor of Leith Ryan Schock on trial for "FAILURE TO CONTROL A LEGAL FIRE DEMOLITION IN THE CITY OF LEITH". After seventeen (17) months of delays and reschedules of trial dates the charge was dismissed with prejudice.

Now the same former Grant County States Attorney TODD SCHWARZ (now the McKenzie County Assistant States Attorney) and the Assistant Attorney General PAUL EMERSON have initiated a malicious selective prosecution of the suspended (by former Governor Jack Dalrymple) McKenzie County Sheriff Gary Schwartzenberger for a charge that is frivolous to say the least.

When these attorneys that keep sucking the life out of tax payer money by their constant plea deals letting off terrorists like COBB and DUTTON and the pipeline protesters are finally run out of office either by elective processes or just plain getting fired the better off North Dakota will be.

on the right) during the courtroom release of the notorious NAZI CRAIG COBB that terrorized the citizens of the City of Leith, Grant County and the state of North Dakota. They then went after the editor of this news website by dropping the charge against COBB that involved him. Then the Mayor of Leith Ryan Schock was next. Now they continue their vendetta of malicious selective prosecution of the Sheriff of McKenzie County.

For those who don't really know what went on with these two and the NAZI CRAIG COBB you should see the movie "WELCOME TO LEITH". It will literally scare the HELL out of most people.
