## THE RUSSIAN CONNECTION TO NORTH DAKOTA

*By Gregory Bruce - Editor - Grant County ND News - June 25, 2017*

Maria Finoshina...a [Russia Today](#) war correspondent took time out in 2015 from her reporting on the war in Syria to contact this editor and track down the now **"CONVICTED NAZI TERRORIST CRAIG COBB"** for an interview.

After giving her his cell phone number she tried to contact him but failed and eventually drove to Sherwood, North Dakota where he lives hoping to catch him.

She did indeed meet with him outside of his dilapidated house and conducted her interview which can be seen along with 3 other video segments on the City of Leith "Videos" page by [CLICKING HERE](#).

TODAY'S QUOTE  
THOSE WHO DO NOT  
REMEMBER THE PAST  
ARE CONDEMNED TO  
REPEAT IT.

Maria is currently in and out of Syria filming a documentary on the "Children Of Syria" and you can view a trailer and a short film below of her production.

It should be noted that although Russia is supporting the Syrian regime with war materials Syria's President Bashar al-Assad is preventing her from continuing to film her documentary. Hypocrisy has no limits it seems.

**EDITOR NOTE:** Many people in our state may not like what I write about or film or photograph but if someone doesn't do it then the people of North Dakota will be in the dark and unprepared for what may or may not come next. Just look at the pipeline protest. North Dakota sure as hell wasn't ready for that.

My coverage of the now **"CONVICTED NAZI TERRORIST CRAIG COBB"** during the Leith crisis, my coverage and participation along with the Mayor of Leith Ryan Schock and Leith City Councilman Lee Cook of bringing the former Grant County States Attorney Todd Schwarz up on charges before the North Dakota Supreme Court Disciplinary Board, my coverage of the Grant County Commission meetings with video for over two years, my involvement and coverage in the recall election of former Grant County Commissioners Keith Payne and Don Roth did not go unnoticed as they are all now **GONE** from Grant County and its government.

Without the news coverage of Bismarck Tribune reporter Lauren Donovan and Blake Nicholson of the Associated Press much of what I accomplished would never had gotten into the main stream media.

While helping people around the world may be a noble cause we cannot allow undocumented people from war torn areas of the middle east without first vetting them extensively.

The children should come first with their parents and single military age men should be denied entry into our country.

I saw so many of the children of Vietnam having their lives destroyed by the communists of Russia, China, North Korea and yes, even the United States during my multiple tours. Of course this is just my opinion.

The news we get from the main stream media does not begin to cover the real truth about the war(s) in the middle east and so we should resort to getting our news from all sources including the Russians, [Breitbart News](#) and the [Daily Mail](#) out of the United Kingdom.

Much of the news media outlets in our country are run by ratings and advertising dollars and not true journalism. Of course this is still my opinion.
