

County Veterans Service Officers (CVSO), employed by their respective states, are knowledgeable individuals who know their way around the VA system. They can assist veterans and their families in a number of ways. County Services Offices can help you with compensation/pensions, medical care, military records, grave markers and veteran home loans. Some counties may also have dedicated funds to assist you with temporary shelter/utilities, food/health supplies, medical/dental, job placement, counseling, and transportation.
