Re: Anthony Troy Williams

Dear Judge Kobayashi

I am aware of the charges Anthony Troy Williams is facing. In light of these circumstances, I am happy to write a character letter on his behalf. I'm the youngest Sister of Anthony Troy Williams. Not only is he a great brother, he's a great Father, Son and friend to many.

I believe my brother deserves another chance so he can continue to have a positive impact on his family, friends and his community in which he in unselfishly gives so much of his time in helping others. Troy as he's called among his family/ friends always think of others before himself. Several months ago when he lost his Son my heart ached for him because he wasn't able to put his Son to rest. Children need their Father. It is my hope that you take in consideration of my letter.

Respectfully,
Ursula Yulis
