Bless you dear bro Will,

We are truly blessed! Our Lord won for us on calvary and because he lives we are assured His eternal mercy and grace. Hallelu Yah!  How that is every-thing worth smiling about! He has assured many mansions for us. It seems wonderful gardens as well.

Here we have been blessed with time of solitude.

A quiet time with the Lord in our room. It seems the poor things have some troubles. I pray they turn from wicked ways; and, give thanks to The Lord for His blessings even in their time of trouble.

Your ^{help} _{78.30P} is here; how can I possibly thank you? It is my privilege to pray for you no matter the things of this world. The Lord is answering and surely His mercy is abundantly received by us all.

The dear sister Ms. Bea is finally authorized by the poor things for mail and thus it's my privilege, I've begun sharing with her. Pray our Holy Spirit shows her wisdom and understanding, a very real comfort and blessing in the words, that she may not be troubled with limits on her understanding in her Bible studies.  Our prayers surely shall move this mountain!

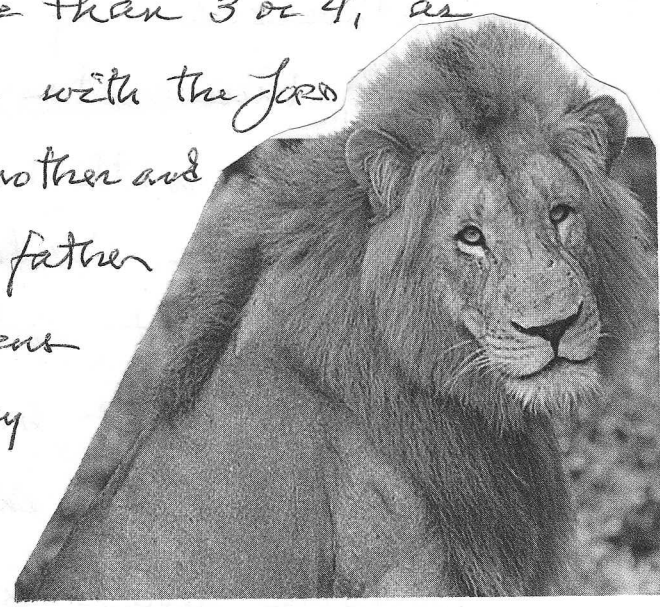

The Lion of Judah has His hand out for delivering us. It is challenging but I pray for strength that I do not murmur over the food, the conditions, etc.; for it is our God who is providing, not the mere infidels.

If we consider Jeremiah in the pit; the Tenbaums in concentration camps; so many in such awful conditions we have good examples even as our God Jesus on the cross to show us what real testing is. We are blessed!

I pray over your garden; over our day daughter's garden; over our bro's and sister's gardens that there may be plenty! And surely it shall be. ☺

I have pleasant memories from my earliest days in the garden. I remember the strawberries with my grand father (mother's father) and my mother. I could not have been more than 3 or 4, as my grand father went to be with the Lord when I was 4. My father, mother and aunts, uncles and Dad's father all were there in the gardens over those early years. A glory for our Lord! ☺

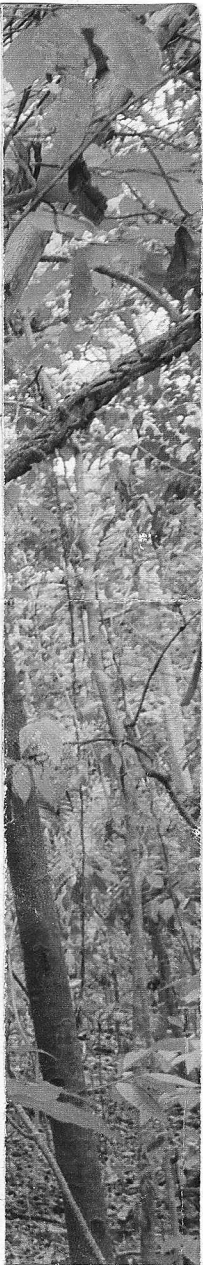

Dana and I were both blessed in the garden.

We learned of Natures Green. Beautiful carrots 10-12 inches long 3 inches in diameter at the top, and good for enjoying. We had peppers; turnups; tomatoes, etc. In North Carolina boxes full of peaches - munchies, pies, etc., all winter long.  Squash; cucumbers and more! 

We swap  ped with the Johnstons, our landlords and neighbors. [It hard to believe this test followed.] Praise The Lord for all. - Job a great example. Our Lord preparing us for this good purpose!!!

I too recently received a copy of Mark's book: "One Freeman's War". Mark is a good friend. There is hardly an entry I do not have 1st hand memory of. You may well see parallels in my outline shared with you (26 pgs.).

We were privileged sharing TRUTH, that The WORD guides us for sowing good seed, helping others. I know nearly all of the people shared in Mark's book. We now have men well learned in the Word, well learned in Mark's law teaching young men and women in law school God's Word - One professor is over 100 years young - He sees the Way of The Word (Jn 1:1, 14); and teaches it well.  Never retire!

4/ In our days of speaking all across America, our KJV AV was always present with us as is our Lord, Yeh He Voh He Messiah/Jesus, the Christ. Knowing/learning the needs of those we serve is

a very important contemporary investment of our time in The Kingdom of Heaven. Needless to say The Devil hates it and has, for a limited time, (Job ch. 1-42) been allowed his evil way with Dana, I and many bro's and sisters. None-the-less, remember your Lord is King and His will shall be done.

Real cowboys don't just sleep under the stars; we sleep under the hands of Him who made the stars. HalleluYah! (Proverbs 3:5,6; 6:1-5). These are the days our Lord has made, let us rejoice and be thankful in them. We are always right where Jesus wants us to be, for His good purpose. Mark shares some of those times and places in his book. Even greater than Job, ch. 42, He has a place for us, now and forever dear bro Will. Our time is His for His good pleasure. ☺

Wow! I did not know you could grow apricots in Kansas. We were spoiled in NE Iowa. The rich soil will do anything the cold will not allow for. ☺

Our friend with whom you planned for sharing "ONE FREEMAN'S WAR" poses the nature I found common of most human nature; people nearly always do just as "they" really want to do. Best results follow their coming to decide they want what we've got. Perhaps your sharing will give him enough information for making ^{the} right decision. The Holy Spirit Knows. We plant seeds. It is our Father who makes them grow.

Dana and I have 13 grandchildren; our last great granddaughter on the way. Thus far, we have had to rely on the Lords for their guidance - of course, no

matter what He is entirely in charge. Dana and four others, now missing for 3 years, as they ~~was~~ were working on my lawful liberation and were disappeared. Hard in flesh to accept; in our Father's hands all is well. So much to learn! Not me; but Three O'Gors!

with Love, Courage & Thanksgiving,
in His service,
