

by "The Flight" 19 July 2017, Wednesday (I Jn 1:1).

Dear brother Tommie,

Greetings in Yod He Yok He Messiah/Jesus,
the Christ - HalleluYah, Amen!  So blessed
by receipt of your letter and ["I love You Daddys"
12 July 2017, Wed. I have shared with others here at
Guantanamo North. It truly speaks to the heart.
You may have seen my biographic outline of
recent. I and Dana have 13 grand children, the
majority becoming young adults, yet only 3
have ever seen me, and that in prison. Dana
has been turned away 2 times and NEVER
allowed to visit me - Joseph Stalin and
Adolf Hitler would be so proud of this evil,
right here on America. But in Christ, we
are never alone! 

The whole world is deceived! see the
reverse. Let's learn; act by trusting the Lord and STOP
worshipping the fictitious corporate beast.  see
the web-site - connect; get the details; sharing with
others; acting on the REAL - STOP giving the devil power
over us and our loved ones. One cannot serve 2 masters.
Matthew 6:24. Those who bow to Baal and such pay
out of this beast no matter the evil they pour out on
others ~~are~~ on America; modern day NAZIS / COMMUNISTS.

and in the process, piercing the Corporate veil demonstrating that the "almighty Oz" is just a man with a cape and a pointy hat. I have broken that "curse spell" and made myself free from the bondage of my own doing. That spell has been eternally broken now, all that is left is for you to "act" on it. Your actions are what define and identify you as a good man or a good woman. We all have good in us, our Creator wants us to be good because we all know "God is good." But for "good" to exist, so must exist the "bad" (evil). Good cop, bad cop. Light and dark. Happiness and sadness. Goodness and badness. Freedom and bondage. Good and evil. God and Satan. Yin and yang.

We are doing this to ourselves. All pain and suffering in the world shall end when we stop partaking in what is causing our ills. Waking up and seeing the light is the beginning of that process. I am simply pointing you in the proper direction, that's all. The rest is up to YOU.

Peace, Love and Light to every one that reads this, for you are now on the right path.

Kind regards,

Herich, Douglas Joseph

"In as much as every government is an artificial person, an abstraction, and a creature of the mind only, a government can interface only with other artificial persons, the imaginary, having neither actuality nor substance, is foreclosed from creation and attaining parity with the tangible. The legal manifestation of this is that no government. as well as any law, agency, as-act, court, etc., can concern itself with anything other than corporate, artificial persons and the contracts between them."

Ignorance is NOT bliss. We are admonished for seeking wisdom; clear understanding; and, seeking righteousness. People who persecute others for pay are certain for being held accountable for such evil. Repent would mean turn from wicked ways. NO EXCUSES when answering to our Heavenly Father.

It's so good seeing your  hand writing in letters. We are all affirmed in our hand. Isn't it wonderful? We can do good in typing or word processing and make pretty text, yet our hand is "rusty". Isn't it wonderful how our Lord answers prayer. Hallelu Yeh!

We cannot afford ignorance - we are at war against the wickedness of this world. (Eph. ch. 6). We have been called for overcoming the powers of darkness. Witnesses to wickedness not exceeded by NAZI or COMMUNIST evils. Yes, right here on America. Christians have NO EXCUSE - NONE. We see atrocities every day right here. First hand witness - the wilfully blind are headed for crushing justice right now!

Not to long ago our daughter was called and spoke before the Iowa legislature about the evil of destroying people for \$\$ by long wicked imprisonment. There appears some conscience is rising - No excuse can justify such evil.

in jail, fine you whatever he or she wishes and you have no say in the matter. Even written laws don't matter because you have failed to understand that you are "acting" out of line by stating that you are a Fictional entity and of course, court IS commerce. You are pointing a gun at your own head...then pulling the trigger. This is simply an analogy but you get my drift that when we STOP volunteering, we stop partaking in that game of commerce and are able to prove/evidence we are a living man (or woman). How? By presenting the evidence. What evidence? The properly filed ANC demonstrating you are in compliance with the law and your business entity is active and in good standing. Remember, no one is forcing you to admit that the Legal NAME on that COLB is you, you submit to that voluntarily without realizing it.

So now, how do you know who you REALLY are if that "Legal NAME" is NOT you? I will ask you, "where did you come from?" and the answer is of course your mother and father. That would be your "family." So you came from your family and the "family name," aka "surname" identifies that family, right? So if that is where you came from, why would you put your "Family name" LAST? That would be ludicrous to put your family last! Family ALWAYS comes first so that is what your signature should reflect; then of course comes your "Given Name" because that is the name your mother and father "gave" to you. The given name is the name you are called and/or "known by" but it still does not "identify" you. Why? Because, a name is just a name...Shakespeare wrote about it in fact; read it here now in Act 2, Scene 2 of Romeo & Juliet.

<i>Jul.</i> O Romeo, Romeo! wherefore art thou Romeo?	
Deny thy father, and refuse thy name;	
Or, if thou wilt not, be but sworn my love,	
And I'll no longer be a Capulet.	70
<i>Rom.</i> [Aside.] Shall I hear more, or shall I speak at this?	
<i>Jul.</i> <i>Speak, but thy name that is my enemy;</i>	
Or art thyself, though, not a Montague.	
What's Montague? it is nor hand, nor foot,	71
Nor arm, nor face, nor any other part	
Belonging to a man. O! beg some other name;	
What's in a name? that which we call a rose	
By any other name would smell as sweet;	
So Romeo would, were he not Romeo call'd,	
Retain that dear perfection which he owes	
Without that title. Romeo, doff thy name;	72
And for that name, which is no part of thee,	
Take all myself.	

Shakespeare was a 33rd degree mason and THIS my friends is exactly what freemasonry is all about. Creating an illusion and then putting the truth right under your nose that would expose that illusion to you. It's right under your nose but you do not "see" it. I am exposing the illusion

they damage you and/or your business entity in ANY way, you have "standing" in a court provided you are able to evidence that "Legal NAME" on that COLB has been properly filed with the SOS and has a status of "Active and in Good Standing." Now you know why a judge has total "discretion" in deciding your "case" because you are providing him or her with that discretion by failing to have any "standing" on Their court. Your registered business entity evidences that you as CEO have standing in ANY court and therefore any and all discretion that judge may assume to have is not provided and more specifically, because you are able to evidence that (your) Legal NAME has standing, you can properly defend yourself and if need be, sue ANY corporation (including the United States, Inc.) and win. Why? Because the burden of proof shifts from you to that Corporate entity or to that Legal "person" (someone that has failed to register THAT Legal NAME) to prove that you have NOT been damaged. This form of restitution is known as "Unjust Enrichment" and the burden of proof is on the defendant (in most cases, the corporate United States, labeled "Government") to prove that it did NOT unjustly enrich itself. Remember, only an "entity" may have "standing" in a court. This is why the FIRST thing any judge asks in court is "Please state Your NAME." Once you "identify" your self as that "Legal NAME you cook your own goose, This is the "voluntary" nature of everything in commerce.

So then, this explains why the Government tells everyone the income tax is "voluntary" because until you properly file that Legal NAME on the COLB with the proper authority known as the SOS, you have no way of proving that you are NOT that Legal NAME. That "presupposition" exists and always will exist because your mother "acted" as an informant by telling the Government she produced a \$\$ producing "product." Why are you considered a "product?" Look up "live birth" in Black's Law or Bouvier's and you will find the answer to that question. You see, ignorance of the law is no excuse, but if you KNOW the law, you know the "rules" of Their game. Government created the Fictional world of commerce so they made the rules. If you know the rules as I do, your business entity operates in commerce FOR you and you avert any problems with law enforcement. You have stopped "volunteering" to partake in that (unlawful) Fictional world of commerce, and instead, operate lawfully through the use of the ANC and the business entity that YOU created as a means of complying with the law. So now YOU are compliant and almost everyone else is not complying. No wonder everything is upside down and so difficult to figure out, right? I simply figured out the rules and KNOW them better than most people, therefore I win the game everytime I play. I can't lose. The best analogy I am able to provide is the popular game of "Monopoly." The "United States, Inc." created the game of "Commerce" and they are providing you with a "game piece" known as a COLB (the Legal NAME). When you "play" the game like you do just about every single day and use that Legal NAME in commerce (yes you do...EVERYONE does), you are violating the "golden rule." You know, the rule that states Any NAME that is used in commerce MUST be filled with the SOS. B-H-N-G-O. Do you "see" it now? Do you "see" how every one is doing this to themselves by voluntarily stating that Legal NAME is "them?" How can a man or woman be a Legal entity? They can't which is exactly why the Government can do ANYTHING they wish to you until you comply with that golden rule. You give that judge total discretion to throw you

3/ When you read from PENHALLOW, et al. vs. DOANE'S Administrators,
1 L. Ed. 507, you will see NO artificial person, etc. can
state a claim against a "living" man, woman or
child. This case has been deleted from the elec-
tronic law library in BOP. Why? Because it af-
firms the federal corporation has no authority over
living people, NONE! Additional Supreme Court
rulings affirm that NO corporate entity can state
a claim against the people. People cannot be legiti-
mately held in contempt of an ~~contemp~~ Act of Con-
gress and NOT ONE statute is compelling on one
~~sig~~ single Act of Congress. Rules, Regulations or
ordinances DO NOT apply to "The People"; they are
NOT laws. They are for regulation of artificial entities only.

You are in my heart and prayers. The Lord alone
is our King. Let us serve Him and others that we
may be counted worthy of His mercy and grace!

EVERYTHING FICTION

Posted on June 16, 2015

Everything in commerce is THEIR fiction, not ours. I do not function in fiction but most people do without knowing what it is they are doing. Who are you? But the even more important question is, who aren't you? It does not help "us," it helps YOU...but first you must KNOW who you are not. I am not embracing anything except the information that allows me to "see" the truth. You do not see what I see...yet. Your mind is not open to seeing anything other than what you have been taught to believe. The information I am sharing did not come from any book or even from the internet. It is in the Universe which means that anyone can tap in to it and see what I see. I can't teach you how to open your mind but anything is possible and this is what you must first understand. I am just a man. So are you but you are not acting like a man. I don't mean that in the ego sense, but rather, in the sense of the world. Your inability to grasp the importance of what I have done is not abnormal; in fact, unfortunately, it IS the norm.

Do you control everything in your life? You can, but first you must let go of what you can not control...that is, every thing that exists outside of reality that you have no control over. That Fictional world of commerce? You did not create any of it but it controls your mind. If it controls your mind, it controls YOU. Your mindset must be in the proper place and you must open your mind to what the world of commerce REALLY is. It is ALL an illusion, a Fiction. That COLB (Certificate of Live Birth) is a very big part of that Fictional world of commerce but how can one prove that he or she is not a "part" of it? First, you must STOP partaking. You must give back what is NOT yours...only then may you receive what really IS yours. That is, you stop functioning within the "Matrix," that fictional world of commerce that you think is real.

So now, having explained this initial step, I shall move forward with the reason one must file with the Secretary of State what is called an "Assumed Name Certificate" (ANC). First of all, the written law requires that you do so. Where? Section "333" of the Revised Minnesota

Statutes is the place you will find this verbiage: "Any name that is used in commerce for a profit in this state MUST be filed with the Secretary of State (SOS)." So now stop and think, is that COLB legal name one of those names required to be filed? YES, of course it is! You use that name as if it were "Identifying" YOU, the man. The problem is, it was never intended to identify a man, it was created by the Government to identify an entity. More specifically, a business entity that operates in commerce "legally" for that man for whom it was created. That SSN that is assigned to that COLB has a specific purpose as well; that is, to identify the specific business entity that has filed. Why? Because there are most certainly other people in the world that may have that same "Legal Name" and the ANC rules clearly state that filing with the SOS does not copyright or trademark that NAME, it simply registers it so that it can be verified by anyone that wishes to evidence that NAME is indeed properly registered and has a status of Active and in Good Standing. That status is the same sort of status that a "Corporation" has when it has been properly filed with the SOS and registered with that Government agency to operate in commerce. There exists one MAJOR difference: that is, the ANC is NOT a license, it is merely a "dba" (Doing Business As) and that is a significant difference. Why? Because any license is a license to break the law. If you have a driver's license for example, all a law enforcement officer has to do is accuse you of breaking a law and the burden of proof is on YOU to prove otherwise. Why? Because you are claiming to be a Fictional entity, not a living man. How does one prove they are a man and not a Fictional entity? The ANC does that and THAT my friend is the sole purpose of that filing with the SOS. Now you do not need a license or "permit" to drive, or to build a home, or to buy a car...or to do anything else you desire. Your registered business entity operates in commerce FOR you which proves that the COLB legal NAME can't possibly be YOU. So this comes back to that first understanding of who we really are, and more importantly, who we are NOT. You are NOT that Legal Name on the COLB but you must be able to prove this to anyone that inquires because there exists a "presupposition" that EVERY ONE is that "person" (entity) that is known as a "Legal Name" and most people step right in to the trap of going down to the County or to the SOS where that COLB was created and pays to get a "certified" copy of the COLB. Then they unknowingly place themselves in harms way by using that COLB (which they VOLUNTARILY paid for) and they obtain a "driver's license" which requires an "image" of THEM on a card right next to a "First Middle Last" NAME that is NOT their name, but rather, a Fictional entity created by Government for a man (or woman) to use in commerce. When you operate as a Fictional character in Their world of commerce (thinking of course that the COLB Legal Name IS you), you are breaking the law without even knowing it! Which explains why having that driver's license is simply a license to break the law because it PROVES that you have not filed that COLB name with the SOS as the law clearly requires.

Remember, ignorance of the "law" is no excuse, right? So now, that goes both ways. Once you "comply" with the law by filing with the SOS and registering that Legal Name, you are no longer in violation of the law and can prove that COLB Legal Name is NOT YOU! That "presupposition" is immediately put to rest and the tables turn 180 degrees in YOUR favor because Government employees are not told what I have just shown you to be the truth. If
