Roely, M. Will of going well and that don't
- one of Skrock's biggest lies to the
court during oral arguments was when
he said, ① I thought up "241", ② That it was
accepted, NOT rejected as a bad idea ③ That I
was in control of things and intentionally set
events in motion to trigger "241" by not
showing up to misdemeanor state court.

Man, Skrock is such a asshole. And like
all assholes only one thing comes out of them.
Every time this guy opens his mouth, it's the
same lies. Not only can he not tell the
truth, he has to tell a lie that's the mirror
image opposite of the truth. He's as predictable
as a fart.

① It was JR Olson who brought up and
pushed "241" literally hundreds of times. ② And
every single time he got told it was a really
bad idea and we weren't about to try anything
like it. The audios prove this a million times
over. ③ On February 5th, 2010 Bill Felton gave
me a do-or-die-death-threat-ultimatum that
if I continued to reject his proposals of violence
like I had for the past year and a half,
he was going to come to Fairbanks and kill
me himself for holding up the revolution. The
court date I had coming up was for a class C
state misdemeanor. That's the same severity as
jaywalking folks! And Felton said he was
going to kill people if court didn't go my way!

2

And that he was going to kill ME if I didn't get on board with his insane idea! THAT'S WHY I SKIPPED COURT AND LEFT THE COUNTRY! TO AVOID CONFLICT AND NOT SET BILL FULTON OFF. The audios prove this. Just listen to them. They explain themselves.

It was Skrocki who was in control of events. It was Skrocki who was directing his thugs to corner me into doing something bad. It was Skrocki who had JR Olson physically kidnap my whole family to stop us from leaving. It was Skrocki who was frustrated that the fish he wanted to catch (ME!) was not biting any of the lures he threw in front of me. Go read Skrocki's emails. They prove all of this. Then you'll see that Skrocki has so little respect for the 3 judges on my appellate panel that he just lies right to their face.

I would think that Skrocki is a delusional nut who believes his own lies because he has mental problems that prevent him ^{from} knowing the truth. But I know that's not the case, because in his emails he talks about the truth and how it's messing up their case against me. So that means Skrocki is knowingly turning on the lies when he gets in front of the court.
