

dear sister Therese,

It is so good receiving your 28 August 2017, card and the inciteful enclosure. This even as the blessing of your 26 August 2017, letter serves for informing and enlightening re the (AI) Artificial Intelligence. It is something, how the so-called scientists who fail to walk in The WORD find themselves afraid of their own shadows. They will NEVER match our Creator's perfection in us and the whole creation. Thank you, thank you!!!

It is my privilege sharing herewith a couple of the insights that I have been able to receive and put in the written form that you and others may relate thereto.

You are certainly appreciated for all of your thoughtful consideration for prayers and otherwise us toward as we overcome the world in these circumstances. Know of certainty that you are each and all in my heart and in my prayers. Together we are awesome in The LORD!

You mentioned discomfort in your hands. There is a gift from above that can be the cure for such. I recommend that you look into Dr. Joel D. Wallach, BS, DVM, ND and his wife Ma Lan, MD, MS LAc with Gerhard N. Schrauzer, PhD., MS, FACN, CNS. You can find them on the www. or at the public library. I have been privileged to read their powerful book: EPIGENETICS, THE DEATH OF THE GENETIC THEORY OF DISEASE TRANSMISSION, and more! I have been able to pray for and pass on information for my grandson's mother-in-law for colon cancer and she has made a complete recovery. My wife, Dana, is a ND, Naturopathic practitioner [much more knowledgeable than I] and she had mentioned several years ago, Dr. Wallach. The AMA "do not" like the TRUTH that moves these good folks for true health and healing. You will find other titles such as, "DEAD DOCTORS DON'T LIE!" the first book my wife mentioned. You will find that there is a nutritional solution to your discomfort. You can be arthritis free.

The secular "Labor Day". . . the real holy days are not so honored across America.

I share on the reverse my "REAL ID" as written some time ago. This is what the "One World Order" desires of us. Will we turn to our Lord Jesus, the Christ? Who has eyes to see?

I also share herewith, word of the Risk of stepping out in faith.

From a devotional.

"What a privilege for us to be able to walk by faith in God Himself, armed with all the promises of His Word. I suppose we all desire the security of the solid tree trunk, but the fruit is out on the limb. Nothing ventured, nothing gained. The timid soul asks, 'What do I stand to lose if I do it?' The fruit-bearing Christian asks, 'What do I stand to lose if I don't do it?' Real life is lived on the edge."

Greatest challenges lead to greatest victories!!! Keep the faith.

You are in my prayers that you may have strength for the strength for the faith that will blossom in your life every day of life. When we are standing on the Rock (Mt 24:15) we can be certain that no matter the circumstance we will see a TRUE light at the end of our pathway. Glory HalleluYah!!!

I truly am thankful that you have been so caring for reaching out to my self and others. The LORD is mindful and surely is with us all.

If possible, be sure to let Keysa and others know that I am diligent to keep them in my prayers daily. We truly are sure to move mountains and overcome the world, as our LORD has promised!

Dear sister, God bless you.

with Love, courage and thanksgiving,

REAL ID

You will not be allowed to be in possession of anything that you cannot associate with your "REAL ID" ("mark") and the transaction that gave you possession. You will not be able to enter nor leave a state, county, city or town without your REAL ID. You will not be able to enter nor leave a public building, mall or store without your REAL ID, which will create a record of the time and day you went to any of those places. You will not be able to purchase seeds, food or anything designated as contraband. Possession of such will be loss of your REAL ID and imprisonment. Loss of your car or house or wherever you possessed it. And without your REAL ID you have no place you can go, nothing you can be in possession of, that does not subject you to imprisonment. No one can provide you with anything in prison camps, and if they have contact with you they will lose their REAL ID.

Are you getting the picture of
the cashless "New World Order"
that Satan has in mind for
you?

Your REAL ID please!

Oh, you don't have it? You are under arrest!
Assume the position or DIE!

Is faith a risk? Of course. But failing to step out in faith is to risk missing real life. I have been challenged by the following thought from an unknown author.

R i s k

To laugh is to risk appearing the fool.
To weep is to risk appearing sentimental.
To reach out for another is to risk involvement.
To place our ideas, our dreams, before a crowd is to risk their loss.
To love is to risk not being loved in return.
To live is to risk dying.
To hope is to risk despair.
To try is to risk failure.

Risks must be taken because the greatest hazard in life is to risk nothing. The person who risks nothing does nothing, has nothing, is nothing. He may avoid suffering and sorrow, but he simply cannot learn, feel, change, grow, love . . . live. Chained by his certitudes, he is a slave; he has forfeited freedom.
